Xcel Energy Data Request No. 3-6
Docket No.: GE20-002
Response To: South Dakota Public Utilities Commission
Requestor: Kristen N. Edwards
Date Received: July 13, 2020

Question:

Provide an itemized update of cost reductions, broken out between actual and estimated, the Company currently expects to be netted against the cost increases in the regulatory asset, if approved.

Response:

The Company is still analyzing the impacts of COVID-19 and does not have complete information currently. Preliminarily, the Company has noted certain categories of reduced costs to date including reduced company travel during periods of state stay-at-home restrictions and avoided costs of disconnects. The Company estimates the South Dakota jurisdictional share of these savings to be approximately \$76,000.
