Welcome to MidAmerican's neighborhood! This folder will acquaint you with MidAmerican Energy's payment and credit policies. Please give us a call if you have any questions. We're here to serve you, 24 hours a day, seven days a week.

1. **MidAmerican may require a deposit from a customer.**
The amount of the deposit cannot be more than one-sixth of the customer's estimated total annual bill. Deposits earn simple interest of seven percent a year, payable from the date of deposit to the date of refund.
2. **Instead of a deposit, MidAmerican may accept a contract, signed by a guarantor satisfactory to MidAmerican, which guarantees payment on the account.**
The guarantor will receive a copy of any disconnection notices sent to the customer. The amount for which a guarantor is responsible cannot be more than the allowed deposit. The contractual agreement ends after the customer establishes satisfactory credit by paying the service for 12 consecutive months without having service disconnected for nonpayment and without receiving three or more disconnection notices, or at the guarantor's request, with 60 days written notice to MidAmerican.
3. **MidAmerican may refuse natural gas and electric service to an applicant who:**
 - Has an outstanding debt for MidAmerican service at a previous address and has not made

arrangements to pay that debt for the same class of service.

- Will not provide MidAmerican with proper information at the time of application.
 - Attempts to restore service to a household with a delinquent bill, and no attempts are being made to pay the old debt.
 - Fails to make a deposit when requested.
 - Violates state statutes, regulations or MidAmerican tariffs on file with the Public Utilities Commission.
4. **Non-payment of undisputed past due natural gas or electric bills and unwillingness to agree to a payment plan with MidAmerican can result in disconnection of natural gas and electric service.**
 - MidAmerican will mail a notice of proposed disconnection to the customer. In the case of a customer's first disconnection, MidAmerican shall provide personal notice by either telephone, visit or certificate of mailing. The notice will include a statement of the customer's right to appeal and where to appeal.
 - MidAmerican allows an additional 30-day delay from November 1 through March 31 before disconnecting natural gas or electric service because of unpaid past due charges.
 - We also allow a 30-day medical extension when the customer files a written statement from a doctor or public health/social official with MidAmerican.

5. **We will not discontinue natural gas or electric service for non-payment on:**
 - Friday, Saturday or Sunday; on a legal holiday; or a day our office is closed to the public.
 - If we provide natural gas or electric service to an address different from the billing address, or we know that a hard relationship exists and the likelihood of the customer's request to disconnection, we will, where possible, when the customer has the opportunity to apply for natural gas or electric service to their own account.

MidAmerican Energy provides natural gas and electric service according to the rules of the South Dakota Public Utilities Commission. These rules are summarized inside.

MidAmerican
ENERGY
AT YOUR SERVICE

Welcome to MidAmerican's neighborhood! This folder will acquaint you with MidAmerican Energy's payment and credit policies. Please give us a call if you have any questions. We're here to serve you, 24 hours a day, seven days a week.

1. MidAmerican may require a deposit from a customer.

The amount of the deposit cannot be more than one-sixth of the customer's estimated total annual bill. Deposits earn simple interest of seven percent a year, payable from the date of deposit to the date of refund.

2. Instead of a deposit, MidAmerican may accept a contract, signed by a guarantor satisfactory to MidAmerican, which guarantees payment on the account.

The guarantor will receive a copy of any disconnection notices sent to the customer. The amount for which a guarantor is responsible cannot be more than the allowed deposit. The contractual agreement ends after the customer establishes satisfactory credit by paying the service for 12 consecutive months without having service disconnected for nonpayment and without receiving three or more disconnection notices, or at the guarantor's request, with 60 days written notice to MidAmerican.

3. MidAmerican may refuse natural gas and electric service to an applicant who:

- Has an outstanding debt for MidAmerican service at a previous address and has not made

arrangements to pay that debt for the same class of service.

- Will not provide MidAmerican with proper information at the time of application.
- Attempts to restore service to a household with a delinquent bill, and no attempts are being made to pay the old debt.
- Fails to make a deposit when requested.
- Violates state statutes, regulations or MidAmerican tariffs on file with the Public Utilities Commission.

4. Non-payment of undisputed past due natural gas or electric bills and unwillingness to agree to a payment plan with MidAmerican can result in disconnection of natural gas and electric service.

- MidAmerican will mail a notice of proposed disconnection to the customer. In the case of a customer's first disconnection, MidAmerican shall provide personal notice by either telephone, visit or certificate of mailing. The notice will include a statement of the customer's right to appeal and where to appeal.
- MidAmerican allows an additional 30-day delay from November 1 through March 31 before disconnecting natural gas or electric service because of unpaid past due charges.
- We also allow a 30-day medical extension when the customer files a written statement from a doctor or public health/social official with MidAmerican.
