Dave, I appreciate your offer. I don't think it will work. I really feel as though there are more questions to ask.

I'll talk to James and Jenn in the morning and see how they feel, and report back.

I know you have a vacation planned, and the last thing I want to do is mess up your vacation. At our advanced (in my case advancing) age, nobody needs interfearences with their personal plans.

I'll email you tomorrow.

 Bill, in an effort to resolve this matter short of going to hearing, I have been authorized by NorthWestern to extend the deadline for your brief (and the other intervenors and staff as well if they need it) to Monday October 23, provided that we receive electronic service to save time. We will make every effort get our brief to the Commission as soon as possible, but not later than Monday October 30.
