Mr. Warne,

Thank you for your message regarding the H&I Grain docket, GW17-002. As you likely know, the PUC did request receivership of H&I Grain in support of the affected producers' quest. Your message and my response will be posted under Comments and Responses in this docket so my fellow commissioners and others may read them. Here is a link to the docket:

I apologize for the delay in responding to you. Your email was not seen until today due to a technical glitch in the state's email system.

I appreciate you taking the time to write and share your view on this matter.
