Subject: [EXT] US Constitution

Article VII

Excessive bail shall not be required nor excessive fines imposed, nor cruel and unusual punishments inflicted.

Article XIV

No state shall make or enforce any law which shall abridge the privileges or immunities of citizens of the United States, nor shall any state deprive any person of life, liberty, or property without due process of law, nor deny any person within its jurisdiction the equal protection of the laws.

You have clearly violated the US Constitution and need to be held liable.

The cruel and unusual punishments you have inflicted on my wife are not only unconstitutional, they are also unforgivable. You need to be held accountable for these horrendous inhumane acts and the attorney general shall be notified.

Amendment XIV

You have blatantly deprived Banghart Properties of life, liberty or property by ILLEGALLY issuing a cease and desist order which has in essence closed Banghart without any due process. The founders of this nation made it very clear that YOU cannot close a business and then try to figure out if any law was broken. That is the very essence of due process!!! Again, you have violated the US Constitution and the proper authorities will be notified. Although in what is largely considered one of the most corrupt states in the Union (obviously for good reason) I have serious doubts that you will be held accountable for your TYRANNICAL actions. Since you are obviously so busy to do any research I will give you the definition : Tyrant: A person exercising power or control in a cruel, unreasonable or arbitrary way. Sounds familiar.

Just for the record, my father served in Korea, Jans dad served in WW2, her grandfather served in WW1, my great uncle served in WW2 and I am a documented descendent of a member of the Revolutionary War and he crossed the Delaware with Washington. Maybe you remember those from History class, they were all wars fighting against Tyrannical and abusive governments. So, I guess that now it's our turn to fight the TYRANTS and fight we will. Don't think for a moment that just because our inept lawyer is willing to roll over into the fetal position every time any of you challenges him that we are willing to do the same. We are descendants of TRUE Patriots and we will fight. .

There is another point I would also like to make. Indigo ag still owes South Dakota farmers millions of dollars. We have documentation as far back as 2020 that Chambliss was informed of this many, many times and did nothing. When he refused to do anything to get the farmers paid Commissioner Nelson was informed. To this day there are still unpaid farmers and yet you and your "commission" are spending your time and taxpayer money going after Banghart! I wonder why that is? Could it be a vendetta against Jeremy for calling Cody out for refusing to do his job and help the farmers? How much does Banghart owe farmers? NOTHING! Why wasn't Commissioner Nelson recused for his earlier involvement and lack of action against Indigo? As long as I'm asking questions. Why were the Hutterites given a class A license when they had done \$50 million in business with no license? Hefty Seeds was doing business with no license and no bond yet they get help filling out the application and a \$3k fine. HMMM It appears to me and EVERYONE that is following this case that there is more to this story than

you want to admit. But... the truth will prevail and we will have our day, and hopefully none of our 13 grandchildren will ever have to deal with this sort of tyranny ever again!
