Subject: SD PUC license renewal for 2022-2023 licensing period
Date: Monday, May 16, 2022 9:51:00 AM

Monday: May 16, 2022

Dear Grain Buyers and Grain Warehouses,

I hope this finds everyone well. I would first like to thank those companies that have submitted their license renewal information. If you have submitted all the information necessary for renewal and received your license, you may disregard this email. If you have submitted all the information in recent days, you should receive your license/licenses or notice for further information here soon. If you feel that you submitted the information a while back and have not received your license, please reach out to our office.

This is a reminder that your current license/licenses will expire at midnight June 30, 2022. We request that all renewal information be received prior to June 1st. This allows our office time to properly process the information. One of the main reasons we ask for this information a month in advance is to ensure the information submitted is correct and all accounted for. On occasion information is returned for corrections or completions. This takes time to mail back and forth. Below are links to our application forms and bond form.

<https://puc.sd.gov/commission/warehouse/WebGrainBondForm.pdf>

Operating as a grain buyer and or grain warehouse without a proper license in this state holds penalties. Please ensure your company completes the renewal process timely to avoid any penalties. Let us know if you need any assistance with the renewal of your license. If you have received this email and are not the person in your company responsible for this task, please forward internally as needed.

Thank you, have a great day!
