Subject: Re: [EXT] Banghart

Cody,

Sorry for the delay in my response. Yes, there was a [REDACTED] capital infusion from Jan Banghart personal to Banghart Properties, LLC. I have attached to this email a copy of the back of the check showing it was deposited and a copy of the electronic (mobile) deposit showing it was deposited into her account in the amount of [REDACTED].

As to the status of the appeal the matter has been formally appealed. Please see the notice from the Nebraska Court of Appeal Clerk. I have reached out to local counsel in Nebraska regarding a stay, but since the 290K is included on the balance sheet now, I think that is a moot point as it is incorporated into the figures.

Please let me know if this will suffice to issue the license. Also, I will agree to give you a monthly update on the status of the appeal.

Regards,

Robert T. Konrad

Rob,

We have received a complete application, fee, and bond. Once I have the letter from you stating the equity infusion we will issue the license. If your letter is received prior to June 30, 2022 there will not be a lapse in the licensing. Thank you for working through this issue in a timely manner.
