RECEIVED
FEB 27 2008
SOUTH DAKOTA PUBLIC
UTILITIES COMMISSION

Please consider doing all you can to get the proposed pipeline route through Marshall County modified so our water supply won't be at risk should a leak in the pipeline occur.

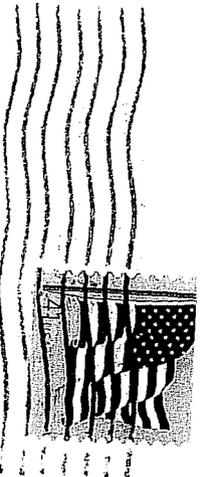

Transcanada seems to be concerned primarily with the least expensive route for their project rather than what would be best for the area. We as land owners and U.S. citizens should have more of a voice in the quality of life here in South Dakota, which includes keeping our drinking water safe. There are other suitable routes which wouldn't jeopardize our water supply.

Thank you in advance for your help and concern with this issue.

Sincerely,

Cheryl Impecoven
