500 East Capitol Ave.
Pierre, SD 57501

Dear Commissioners:

As a resident of Marshall County that will be impacted by the Transcanada Pipeline, I would like to voice my concern as to the route chosen for the pipeline. As I understand it and as experts have acknowledged this area contains the surface aquifer that provides the water for the BDM aquifer which supplies Britton and a host of other people in this part of the state.

While I understand the risk of a leak is small, I believe that there must be a safer route that would not impact our quality drinking water. Please consider this as you deliberate the proposed route in South Dakota.

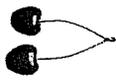

Very Sincerely yours,

Tom Farber
