Mr. Johnson,

This is in response to your message regarding the Navigator Heartland Greenway, LLC and SCS Carbon Transport LLC CO₂ pipeline siting dockets, [HP22-002](#) and [HP22-001](#).

The [Pipeline Siting Information Guide](#) posted in each docket and on the commission website home page is helpful in understanding the processing of dockets such as these. You may also find the [Pipeline Safety](#) information posted online helpful. These CO₂ pipeline siting permit request dockets are currently under review by commission staff with their expert witnesses, intervenors in the dockets, and my fellow commissioners and me.

Many safety concerns have been discussed concerning these dockets, including testimony regarding first responder issues filed before and presented during the Navigator evidentiary hearing, July 25-August 8, 2023. You will find the related filings of testimony and exhibits from formal parties and recordings of the HP22-002 hearing via the online docket.

Thank you for sharing your view.

Kristie Fiegen, Chairperson
South Dakota Public Utilities Commission
