Dear Commissioners,

Re: Docket HP 22-001

I am contacting you to object to having a permit issued to Summit Carbon Solutions for their purpose of building a pipeline to move CO2.

There is no guarantee of public and environmental safety should there be a break in the pipeline.

SDCL 49-42B-22.3 states "*the facility will not substantially impair the health, safety or welfare of the inhabitants*"

That's fine, but what about all of those water crossings?

Thank you,
