**Subject:** RE: [EXT] CO2 pipeline

Tom,

Thank you for your comments.

Eminent domain is defined in state law. Disputes regarding eminent domain are resolved in circuit court. There are currently a number of cases already filed in our court system on eminent domain as it relates to a proposed carbon dioxide pipeline.

Your comments and my response will be publicly posted in dockets HP22-001 and EL22-017.

Sincerely,  
Chris
