Subject: Opposition to Hand County's Motion to Withdraw/HP22-001

Dear Gary Hansen, Kristy Fiegen, Chris Nelson and Staff:

I am in strong opposition to Hand County's Motion to Withdraw as an Intervenor in this docket for the following reason.

On the July 5th, 2022 agenda under Old Business was Summit Carbon Solutions: Letter to Planning and Zoning from the ethanol industry, Letter to the Commission from the ethanol industry and Open forum/discussion. Nothing on the agenda stated that they would be voting on requesting removal of Hand County as an Intervenor in this docket and/or that they were abandoning Hand County's Moratorium on hazardous material pipelines. Is this legal?

Sincerely:

Frank Kloucek
