Tony,

Thanks for your additional comments. The last sentence implies that the PUC has made some decision or come to some conclusion. That is NOT correct as I told you in my first email response.

I encourage you to attend a public input meeting on the proposed Navigator project and determine whether you should become a formal intervenor in that docket. Information on those meetings can be found in the docket at <https://puc.sd.gov/Dockets/HydrocarbonPipeline/2022/HP22-002.aspx>. Additional information on the PUC process for evaluating a permit application can be found at <https://puc.sd.gov/commission/Publication/pipelinesiting.pdf>.
