UTILITIES COMMISSION

To Whom it may concern,

The CURRENT ATTACK on PRIVATE PROPERTY is disgraceful. It CAN be a violation of the US & SD Constitutions because elected officials ARE supposed to be protecting the RIGHTS of their constituents, NOT protecting their private investments.

When elected officials ARE dispatching state, county or local police to FACILITATE trespassing by AN OUT OF STATE entities, it is a GLARING example of TYRANNICAL government. Allowing & encouraging these trespasses is a violation of every Approving legislators Oath of OFFICE, especially those who ARE invested in the company pushing the CO₂ pipelines. They know the technology is flawed & dangerous. They don't care. Profit before duty is CORRUPTION & DANGEROUS.

Those who ARE invested in Summit Carbon Solutions should be REMOVED FROM OFFICE AS CORRUPT. They should be liable for ANY INJURIES & DAMAGES they helped CAUSE by RAMMING this project into existence. This is a DIRECT ASSAULT on PRIVATE PROPERTY RIGHTS & should not be allowed to STAND.
