Subject: [EXT] CO2 pipeline

<https://reflect-dakotamediaaccess.cablecast.tv/vod/8716-v1/vod.mp4>

Recently, Burleigh County, N.D. (Bismarck), held a commissioner's meeting where the CO2 Pipeline was extensively discussed. A handful of citizens gave excellent presentations and two N.D. land surveyors shared their expertise about the blanket easements Summit is offering. Very interesting! Click on the link above to view the presentations which begin at the 15:27 minute mark.
