Re: HP22-001 - In the Matter of the Application by SCS Carbon Transport LLC for a  
Permit to Construct a Carbon Dioxide Transmission Pipeline

Dear Commission Staff:

The South Dakota Department of Health has been requested to comment on the potential health impacts associated with a proposed carbon dioxide pipeline. The South Dakota Department of Health has not taken a specific public health position on carbon dioxide pipelines. However, if the permit process raises specific concerns that you would like the Department of Health to evaluate, we can do so at that time.

Sincerely,

A handwritten signature in blue ink that reads 'Joan Adam'.

Joan Adam  
Secretary of Health
