Ms. Anderson,

This is in response to your email to the Public Utilities Commission regarding the proposed Navigator Heartland Greenway, LLC's CO2 pipeline, docket [HP22-002](#).

The commission received a siting permit application for this pipeline project on Sept. 27, 2022, resulting in the opening of this docket. The docket is receiving a detailed review of the proposed project by the commission. This process included public input meetings hosted by the commission along the pipeline's South Dakota route, as required by law.

Given your questions and concerns, I suggest you contact a member of the commission's staff team working on this docket to assist you in addressing these issues. You may reach the staff working on this docket by calling 605-773-3201. Meanwhile, the [Information Guide to Siting Pipelines](#), posted on the commission's website and in the docket, may be helpful to you including references to relevant state laws and rules.

Thank you for contacting the commission so we can help address your specific issues. Your message and this response will be posted under Comments and Responses in the online docket.

Chris Nelson, Chairman  
South Dakota Public Utilities Commission
