Mr. Wendland,

This is in response to your letter regarding carbon capture projects in support of the ethanol industry.

Your letter will be posted under Comments and Responses in the Navigator Heartland Greenway, LLC docket, HP22-002. This docket is currently under review and being processed by commission staff with their expert witnesses, intervenors in the docket, and my fellow commissioners and me.

Your letter will not be posted under Comments and Responses in the SCS Carbon Transport LLC docket, HP22-001, since your company is an intervenor in that docket. You may find the enclosed Pipeline Siting Information Guide, posted in the docket and on the PUC website home page, helpful in understanding the processing of a docket such as this, as well as regarding communication with a commissioner on an open docket.

Thank you for sharing your perspective.

Sincerely,

Kristie Fiegen
