

October 25, 2019

To: SD Public
Utilities Commission

The South Dakota Intrastate Pipeline Company is resubmitting its final draft tariff along with a redlined version of the final draft tariff for your approval. The final draft tariff is being resubmitted in order to correct references and to more fully reflect the final edited document. The redlined tariff is submitted for the convenience of the Commission in order to document the revisions from the original tariff.. The redline version does contain some formatting differences.
