Subject: Docket No. NG 22-005, Clause CIPA – Capital Investment Phase-in Adjustment
Quarterly Compliance Filing for Period Ending December 31, 2024

Dear Ms. Van Gerpen:

Pursuant to the Settlement Stipulation in Docket No. NG 22-005, MidAmerican Energy Company (“MidAmerican”) submits the final report detailing the actual costs and in-service dates for all projects included in Clause CIPA – Capital Investment Phase-in Adjustment (Clause CIPA).

As shown in the attached workpapers, the final amount in-service as of December 31, 2023, was \$743,394 (or 3.1%) less than the amount agreed to in the settlement. However, that equates to only a \$91,740 (or 1.5%) difference in the approved revenue requirement deficiency.

Also, as shown in the attached workpapers, January and February 2024 actuals for the associated projects total \$373,864 related to 2023 activities resulting in \$369,530 (or 1.5%) less than the amount agreed to in the settlement. This equates to just a \$50,303 (or 0.85%) difference in the approved revenue requirement deficiency. Project G9BLS (2023 Gas ERT Project) actuals were less than the amount agreed to in the settlement due to supply chain delays with ERT module shipments. The ERT module replacement project continues to move forward until all necessary ERT modules have been replaced. Projects G9BDG (Sioux Falls West TBS Capacity) and G9AYR (Sioux Falls Phillips Ave Reconstruction) were delayed to due to factors outside MidAmerican’s control.

For the reasons above, MidAmerican respectfully requests that Commission Staff find the difference to be immaterial and authorize MidAmerican to set the Clause CIPA factor to \$(0.00000) as of April 1, 2024. As such, MidAmerican submits the following revised gas tariff sheet:

South Dakota Gas Tariff Schedule No. 2

Section No. 3

4th Revised Sheet No. 74.20

Canceling 3rd Revised Sheet No. 74.20

This is a compliance filing for Commission Staff review and no action is needed by the Commission.
