MidAmerican Energy Company (MidAmerican) is a wholly owned subsidiary of Berkshire Hathaway Energy Company, f/k/a MidAmerican Energy Holdings Company, which is a utility holding company headquartered in Des Moines, Iowa. MidAmerican was formed on July 1, 1995, as a result of the merger of Iowa-Illinois Gas and Electric Company, Midwest Resources Inc. and its utility subsidiary, Midwest Power Systems, Inc.

MidAmerican provides service to over 838,000 electric customers and 811,000 natural gas customers in Iowa, Illinois, Nebraska and South Dakota covering approximately 11,000 square miles. Total retail electric sales were over 32.9 million MWh in 2025 and total natural gas throughput was over 216 million dekatherms for the year 2025.

For its South Dakota jurisdiction, MidAmerican serves over 114,000 gas customers in and around 30 communities, with natural gas throughput totaling over 16.6 million dekatherms. Also for its South Dakota jurisdiction, MidAmerican serves 5,331 electric customers in and around 6 communities, selling over 315,000 MWh in 2025.

MidAmerican has 56 generating stations throughout its service territory, consisting of: coal (6), natural gas or oil (8), wind (34), nuclear (1), hydroelectric (1) and solar (6). MidAmerican currently has one gas and multiple solar projects under construction. These stations are all located in Iowa and Illinois.

In South Dakota, MidAmerican has 1,720 miles of gas mains and 1,481 miles of gas service lines. MidAmerican has 22.932 miles of 69 kV transmission lines in South Dakota.

All South Dakota gas and electric revenues are under the jurisdiction of the South Dakota Public Utilities Commission. The last electric rate increase in South Dakota (Docket No. EL 14-072) was effective July 13, 2015, and the last gas rate increase in South Dakota (Docket No. NG 22-005) was effective April 1, 2023.

A map of MidAmerican's Gas and Electric Service Territory can be found in Section II in each of the South Dakota Tariffs.
