20:10:11:04.01. Form of public grain warehouse licensee's additional bond.

If a public grain warehouse licensee furnishes an additional bond so that the total bond is equal to one-half of the local market value of grain the warehouse licensee is storing, the additional bond may be an increase rider executed by the corporate surety who issued the original bond filed with the commission or an additional bond executed by a second bondsperson or insurer.

An increase rider or additional bond shall be in substantially the same form as required by § 20:10:11:04 for original bonds. It shall state the name and location of the warehouse licensee's facilities covered by the bond ~~and contain the signature of a resident agent.~~

At a minimum, the increase rider or additional bond shall cover defaults occurring during the period beginning 30 days before a monthly grain report showing need for a bond increase is filed with the commission and ending when the total amount of grain

stored in the warehouse decreases so that the original bond covers one-half of the local market value of the stored grain.

20:10:11:09. License revocation, ~~transfer of ownership~~, suspension, or insolvency -- Notice to receipt holders and surety. Following the revocation or suspension of a public grain warehouse license, the commission shall notify each outstanding warehouse receipt holder, each open storage scale ticket holder, each grain bank depositor, and the surety named in the public grain warehouse licensee's bond of the license revocation or suspension. The commission may recommend that receipt holders, open storage scale ticket holders, and grain bank depositors remove all stored grain from the warehouse by a designated date. No grain may thereafter be removed or released from storage without prior commission authorization. If the commission has knowledge of any acts of insolvency by a public grain warehouse licensee, including the filing of a petition in bankruptcy naming the warehouse licensee as debtor, the commission shall notify the surety named in the warehouse licensee's bond of such acts. Notices required by this section shall be by first class mail.

20:10:11:12. Issuance of warehouse receipts and scale tickets. Any warehouse receipts issued by a public grain warehouse licensee shall be numbered consecutively. Receipts bearing the same number may not be issued by the same public grain warehouse during any one year. When issuing warehouse receipts, the original receipt shall be given to the owner of grain deposited for storage, and at least one copy of the receipt shall be retained by the public grain warehouse licensee as a part of its records. Upon receipt of grain, each public grain warehouse licensee shall by conspicuous language indicate in writing on each scale ticket if the grain received is to be stored on a warehouse receipt, placed in open storage, or sold. The grain warehouse licensee shall clearly mark in writing on each scale ticket whether the grain ~~or seeds~~ received ~~are~~ is to be stored or sold. If no indication is made on the scale ticket at the time of delivery the grain shall be considered placed in open storage. Each scale ticket issued by any public grain warehouse licensee shall also conspicuously bear the following language: This scale ticket ~~is not a storage ticket and~~ is not negotiable. ~~The scale ticket should be presented to the issuing public grain warehouse licensee within 30 days of the date of issue for conversion to a uniform warehouse receipt, cash, check, or other grain purchase contract.~~

20:10:11:13. Specifications for temporary public grain storage units. A

temporary public grain storage unit is defined as a public grain warehouse which does not have a roof, permanent foundation, or sidewalls which are permanently attached to the foundation. Each temporary public grain storage unit must be bonded and licensed and must meet the following specifications:

- (1) Each temporary storage unit must contain aeration equipment;
- (2) Each temporary storage unit must have an asphalt, concrete, ~~or~~ compacted limestone, or fly ash base which meets the following minimum specifications:
 - (a) Any base must be of such depth and compaction as to permit trucks or other heavy equipment used in loading or unloading to move over the base without breaking, cracking, sinking in, or chipping the base;
 - (b) The depth of a limestone base must be at least 4 inches;
 - (c) The slope of any base must be sufficient to allow for proper drainage from the center to the edge of the base; and
 - (d) Drainage away from the base must be provided to prevent any water from standing or backing up underneath the grain; ~~and~~
 - ~~(e) The base must be at least one foot above the surrounding terrain;~~

(3) The grain stored within a temporary storage unit must maintain a peak, angle, or arc which will provide drainage from the top over the sidewalls so that no pockets of water form on top of the grain;

(4) The temporary storage unit must be covered with a cover strong enough to resist tearing under normal use and weather conditions and to allow a person to walk on the cover without penetrating it;

(5) Covered storage must ~~have inlets or perforated tubing over the top of the grain~~ be constructed in such a way as to provide for air flow through the grain; and

(6) All temporary storage units must have rigid self-supporting sidewalls; ~~and~~

(7) A warehouse operator must maintain a separate record of all grain stored in a temporary storage unit and must account for that grain in the daily position record; and

(8) A warehouse operator shall notify the commission prior to storing grain in a newly constructed temporary storage unit.

The commission ~~shall~~ may inspect finished construction of all new temporary public grain storage units before grain is stored in the unit. The warehouse licensee must remedy any specifications that are not in compliance with this rule before grain is stored within the unit.

A warehouse licensee who is in violation of the specifications in this section will be ordered by the commission to comply.

20:10:12:14. Financial statement requirements. Each applicant for a public grain dealer's buyer's license shall submit a financial statement for the most recently completed year of operation. ~~The statement shall be prepared by a certified public accountant, independent public accountant, a grain commission or management firm, or other individual skilled in the preparation of financial statements in accordance with generally accepted accounting principles.~~ The financial statement may not be prepared by the applicant or an employee of the applicant, and if the applicant is a partnership or corporation, by an officer, shareholder, partner, or an employee of the partnership or corporation. ~~The commission may require the applicant to submit a second financial statement prepared by a certified public accountant at the compilation, review, or audit level if the commission determines that the first financial statement submitted is incomplete or otherwise unsatisfactory.~~

An applicant for a class A grain buyer license shall submit a financial statement prepared by a certified or independent public accountant at the review, or audit level, or a detailed financial statement that is prepared by an approved grain commission or management firm in accordance with generally accepted accounting principles.

An applicant for a class B grain buyer license shall submit a financial statement prepared by a certified or independent public accountant, a grain commission or management firm, or other individual skilled in the preparation of financial statements in accordance with generally accepted accounting principles.

If the commission determines that the first financial statement submitted is incomplete or otherwise unsatisfactory, the commission may require the applicant to submit a second financial statement prepared by a certified or independent public accountant at the compilation, review, or audit level.

The financial statement must include a balance sheet and statement of profit and loss. ~~If the applicant's accountant has prepared~~ a statement of retained earnings, a statement of changes in financial position, ~~and or~~ notes and disclosures to the financial statement have been prepared, those items must also be submitted.

The financial statement must be prepared in accordance with generally accepted accounting principles. Depreciable assets must be shown at original cost minus accumulated depreciation unless the applicant is an individual and generally accepted accounting principles allow the valuation of depreciable assets at the lower of cost or fair market value.

If the valuation of any assets are listed at fair market value, those valuations shall be established by a person experienced in making assessments of the fair market value of fixed assets. Each valuation must be accompanied by a statement signed by the person who establishes the values stating that such person:

- (1) Has no interest in the property;
- (2) Is not an employee of the applicant; and
- (3) Has no personal bias with respect to the parties involved.

CHAPTER 20:10:31

ASSESSMENT OF FEES FOR INTRASTATE GAS PIPELINE OPERATORS

Section

- 20:10:31:01 Definitions.
- 20:10:31:02 Scope and application.
- 20:10:31:03 Reduction of support and direct costs.
- 20:10:31:04 Assessment of direct costs.
- 20:10:31:05 Assessment of support costs.
- 20:10:31:06 Assessment of initial inspection fee.
- 20:10:31:07 Objection to assessment.

20:10:31:04. Assessment of direct costs. The commission shall charge a pipeline operator for all direct costs not reduced by § 20:10:31:03. The charges are assessed and billed ~~quarterly~~ annually to each pipeline operator.

General Authority: SDCL 49-34B-20.

Law Implemented: SDCL 49-34B-9, 49-34B-10.

20:10:31:05. Assessment of support costs. Support costs not reduced by § 20:10:31:03 are first divided equally between two categories. Fifty percent of the costs are allocated to meters and fifty percent are allocated to miles. The number of miles in the miles category is the total number of miles of intrastate gas distribution and transmission pipeline. The number of meters is the total number of meters operated by distribution operators. A gas transmission operator is assessed a pro rata per mile share of the support costs based on the fifty percent allocated to the miles category. The pipeline

measurement is rounded up to the next whole mile. The pipeline measurement for each operator is based on the number of miles operated on the preceding December 31.

All remaining support costs are assessed on a pro rata basis to distribution pipeline operators based on the number of meters in service by that operator on the preceding December 31. An operator is considered to have one meter in service for each unmetered individual service line on the preceding December 31.

The charges are assessed and billed ~~quarterly~~ annually to each pipeline operator.
