

TC02-119

RECEIVED

SEP - 3 2002

SOUTH DAKOTA PUBLIC UTILITIES COMMISSION

BEFORE THE  
SOUTH DAKOTA PUBLIC UTILITIES COMMISSION

IN THE MATTER OF THE REQUEST OF  
*INTERSTATE TELECOMMUNICATIONS COOPERATIVE, INC.*  
FOR CERTIFICATION  
REGARDING ITS USE OF FEDERAL UNIVERSAL  
SERVICE SUPPORT

DOCKET NO. \_\_\_

REQUEST FOR CERTIFICATION

*INTERSTATE TELECOMMUNICATIONS COOPERATIVE, INC.* by and through its attorney hereby submits a Request for Certification to the South Dakota Public Utilities Commission ("Commission") seeking certification from the Commission pursuant to 47 C.F.R. § 54.314. In support of this Request, *INTERSTATE TELECOMMUNICATIONS COOPERATIVE, INC.* offers the following:

1. On May 23, 2001, the Federal Communications Commission (FCC) released an Order relative to the federal universal service support mechanism for rural carriers.<sup>1</sup> This Order (hereafter referenced as the "Fourteenth Report and Order"), in part, codifies at 47 C.F.R. § 54.314, a requirement for States to provide a certification regarding federal universal service support that is received by rural incumbent local exchange carriers and/or other eligible telecommunications carriers providing service in rural service areas. Pursuant to such rule, states that desire rural carriers within their jurisdiction to receive future federal universal service support must file an annual certification with the FCC and the Universal Service Administrative Company ("USAC") stating that federal high cost support provided to such carriers within that State will be used only for the provision, maintenance, and upgrading of facilities and services for which the support is intended. This certification requirement applies to various categories of federal universal service support, including support provided pursuant to 47 C.F.R. §§ 54.301,

<sup>1</sup> CC Docket No. 96-45, CC Docket No. 00-256, Fourteenth Report and Order, Twenty Second Order on Reconsideration, and Further Notice of Proposed Rulemaking in CC Docket No. 96-45, and Report and Order in CC Docket No. 00-256, FCC 01-157, Released May 23, 2001.

54.305, and/or 54.307, and/or 47 C.F.R. Part 36, Subpart F (high-cost loop support, local switching support, safety net additive support, and safety valve support). Support provided under these FCC rule provisions will only in the future be made available if the State Commission files the requisite certification pursuant to § 54.314.

2. The certification required for rural carriers to receive federal universal service support for all four quarters during calendar year 2003 is currently due to be filed with the FCC and USAC on or before October 1, 2002. The certification may be presented to these entities in the form of a letter from the State Commission. The letter must identify which carriers in the State are eligible to receive federal support during the 12-month period and must certify that the carriers listed will only use the support for the provision, maintenance, and upgrading of facilities and services for which the support is intended.

3. *INTERSTATE TELECOMMUNICATIONS COOPERATIVE, INC.* is a rural telephone company that has previously been designated by this Commission as an eligible telecommunications carrier. The Company provides local exchange telephone services, including all of the essential services that are included in the federal definition of universal service, to approximately 14,876 access lines within its established rural service area in South Dakota.

4. This Commission has limited regulatory oversight over *INTERSTATE TELECOMMUNICATIONS COOPERATIVE, INC.* and its provisioning of local exchange services. Under SDCL § 49-31-5.1, the local exchange service rates charged by telecommunications cooperatives, municipal telephone systems, and independent telephone companies serving less than fifty thousand local exchange subscribers are not subject to the Commission's ratemaking authority. In cases where State Commissions have limited regulatory authority over rural carriers, the FCC has indicated that these carriers should themselves initiate

the certification process by presenting a plan to ensure compliance with the requirement in 47 U.S.C. § 254(e) that universal service support will only be used for the provision, maintenance, and upgrading of facilities and services for which the support is intended. Based on this filed plan, it is anticipated that the State Commission may make the appropriate certification to the FCC.<sup>2</sup>

5. The purpose of this filing is to provide information indicating *INTERSTATE TELECOMMUNICATIONS COOPERATIVE, INC.*'s use of federal universal service support and to otherwise verify that *INTERSTATE TELECOMMUNICATIONS COOPERATIVE, INC.* will use all federal universal service support received in a manner that is consistent with the federal universal service provisions of 47 U.S.C. § 254.

6. In the process of determining whether federal universal service support is used in a manner consistent with the Federal Communications Act, the “universal service principles” established in Section 254(b) are instructive. That Section states that the FCC shall base “policies for the preservation and advancement of universal service” on certain, specifically identified principles:

- (1) Quality services should be available at just, reasonable, and affordable rates.
- (2) Access to advanced telecommunications and information services should be provided in all regions of the Nation.
- (3) Consumers in all regions of the Nation, including low-income consumers and those in rural, insular, and high-cost areas, should have access to telecommunications and information services, including interexchange services and advanced telecommunications and information services, that are reasonably comparable to those services provided in urban areas and that are available at rates that are reasonably comparable to rates charged for similar services in urban areas. . . .
- (6) Elementary and secondary schools and classrooms, health care providers, and libraries should have access to [certain] advanced telecommunications services. . .

---

<sup>2</sup> Fourteenth Report and Order, ¶ 188.

7. The FCC has declined to dictate specifically how the states should ensure that carriers are using federal universal service support consistent with the federal law, but has offered examples of how the support can be used to appropriately further universal service goals. The FCC has stated:

[A] state could [use the federal support to] adjust intrastate rates, or otherwise direct carriers to use the federal support to replace implicit intrastate universal service support to high cost rural areas . . . .

A state could also require carriers to use the federal support to upgrade facilities in rural areas to ensure that services provided in those areas are reasonably comparable to services provided in urban areas of the state.<sup>3</sup>

8. The FCC provided the above examples as illustrative and not exhaustive examples of how support can be used consistent with Section 254(e). Other uses are appropriate provided the State Commission believes they are consistent with the federal universal service principles contained in Section 254.

9. *INTERSTATE TELECOMMUNICATIONS COOPERATIVE, INC.* as a designated eligible telecommunications carrier has received federal universal service support in the past and expects to receive support during calendar year 2003. As of this time, specific support amounts the Company should receive in 2003 have not yet been identified by USAC. Included in Exhibit A attached hereto, however, are estimated universal service support amounts for such period.

10. *INTERSTATE TELECOMMUNICATIONS COOPERATIVE, INC.* also provides in Exhibit A, attached hereto, estimates of the expenditures that will be incurred in year 2003 for the provision, maintenance, and upgrading of facilities and services supported by federal universal service. Consistent with the universal service principles set forth in the federal law and also the FCC orders referenced herein, *INTERSTATE TELECOMMUNICATIONS*

*COOPERATIVE, INC.* will use federal universal service amounts received in 2003 to offset a portion of 2003 expenditures incurred within the accounts referenced in Exhibit A. This use of federal universal service support will enable *INTERSTATE TELECOMMUNICATIONS COOPERATIVE, INC.* to: (1) maintain rates for its local exchange services that are affordable and reasonably comparable to rates being charged for the same services in urban areas; and (2) to upgrade its telecommunications facilities and equipment as necessary to meet evolving service requirements and maintain high quality service. The use of federal universal service support for these purposes is clearly consistent with the federal universal service provisions.

14. Based on the foregoing information, the attached Exhibit A and Exhibit B, Affidavit of Jerry Heiberger, *INTERSTATE TELECOMMUNICATIONS COOPERATIVE, INC.* requests that this Commission issue an appropriate certification to the FCC and USAC indicating that *INTERSTATE TELECOMMUNICATIONS COOPERATIVE, INC.* is in compliance with 47 U.S.C. § 254(e) and should receive all federal universal service support determined for distribution to the Company in 2003. In order to ensure that this certification is issued to the FCC prior to October 1, 2002, *INTERSTATE TELECOMMUNICATIONS COOPERATIVE, INC.* would further ask the Commission to expedite the process that is initiated based on this filing.

Dated this 29th day of August, 2002.

Respectfully submitted,

  
\_\_\_\_\_  
Todd Boyd

**TELECOMMUNICATIONS**

**TC98-146 In the Matter of the Filing by GCC License Corporation for Designation as an Eligible Telecommunications Carrier.**

On October 18, 2001, the Public Utilities Commission (Commission) granted eligible telecommunications carrier (ETC) designation to GCC License Corporation (GCC) in select study areas of rural telephone companies upon GCC's compliance with certain conditions as stated in the Commission's order. By letter dated January 20, 2000, the Commission was notified that GCC License L.L.C. had changed its name to WWC License L.L.C. Pursuant to the Commission's order which designated WWC License LLC, a subsidiary of Western Wireless Corporation (Western Wireless), as an ETC in South Dakota, Western Wireless on August 29, 2002, submitted its compliance filing with the Commission.

**TC02-113 In the Matter of the Filing for Approval of Statement of Generally Available Terms and Conditions for Interconnection, Unbundled Network Elements, Ancillary Services and Resale of Telecommunications Services between Qwest Corporation and New Edge Network, Second Revision.**

On August 29, 2002, the Commission received for approval a Filing for Approval of Statement of Generally Available Terms (SGAT) and Conditions for Interconnection, Unbundled Network Elements, Ancillary Services and Resale of Telecommunications Services between Qwest Corporation (Qwest) and New Edge Network (New Edge), Second Revision. According to the parties this SGAT sets forth the terms, conditions and prices under which Qwest will offer and provide to any requesting CLEC network Interconnection, access to unbundled network elements, ancillary services, and telecommunication services available for resale within the geographical areas in which Qwest is providing local exchange service at the time and for which Qwest is the incumbent local exchange carrier within the state of South Dakota for purposes of providing local telecommunication services. Any party wishing to comment on the agreement may do so by filing written comments with the Commission and the parties to the agreement no later than September 18, 2002. Parties to the agreement may file written responses to the comments no later than twenty days after the service of the initial comments.

**BEFORE THE PUBLIC UTILITIES COMMISSION  
OF THE STATE OF SOUTH DAKOTA**

IN THE MATTER OF THE REQUEST OF )	ORDER GRANTING
INTERSTATE TELECOMMUNICATIONS )	CERTIFICATION
COOPERATIVE, INC. FOR CERTIFICATION )	
REGARDING ITS USE OF FEDERAL )	TC02-119
UNIVERSAL SERVICE SUPPORT )	

On May 23, 2001, the Federal Communications Commission (FCC) released an Order concerning the federal universal service support mechanism for rural carriers.<sup>1</sup> This Order (hereafter referenced as the "Fourteenth Report and Order"), in part, codifies at 47 § C.F.R. 54.314, a requirement for States to provide a certification regarding federal universal service support that is received by rural incumbent local exchange carriers and/or eligible telecommunications carriers providing service in rural service areas. Pursuant to such rule, a state that desires rural carriers within its jurisdiction to receive future federal universal service support must file an annual certification with the FCC and the Universal Service Administrative Company (USAC) stating that federal high cost support provided to such carriers within that State will be used only for the provision, maintenance, and upgrading of facilities and services for which the support is intended. This certification requirement applies to various categories of federal universal service support, including support provided pursuant to 47 C.F.R. §§ 54.301, 54.305, and/or 54.307, and/or 47 C.F.R. Part 36, Subpart F (high-cost loop support, local switching support, safety net additive support, and safety valve support). Support provided under these FCC rule provisions will only be made available in the future if the State Commission files the requisite certification pursuant to § 54.314.

The certification required for rural carriers to receive federal universal support for all four quarters during calendar year 2002 is currently due to be filed with the FCC and USAC on or before October 1, 2002. The certification may be presented to these entities in the form of a letter from the State Commission. The letter must identify which carriers in the state are eligible to receive federal support during the 12-month period and must certify that the carriers listed will only use the support for the provision, maintenance, and upgrading of facilities and services for which the support is intended.

On September 3, 2002, the South Dakota Public Utilities Commission (Commission) received a filing from Interstate Telecommunications Cooperative, Inc. (Company) regarding its Request for Certification Regarding its Use of Federal Universal Service Support. The purpose of this filing was to provide information constituting Company's plan

---

<sup>1</sup>CC Docket No. 96-45, CC Docket No. 00-256, Fourteenth Report and Order, Twenty Second Order on Reconsideration, and Further Notice of Proposed Rulemaking in CC Docket No. 96-45, and Report and Order in CC Docket No. 00-256, FCC 01-157, Released May 23, 2001.

for the use of its federal universal service support and to otherwise verify that Company will use all federal universal service support received in a manner that is consistent with the federal universal service provisions of 47 U.S.C. § 254. As a part of its plan, Company listed estimates of the support it expected to receive from USAC as well as its estimated costs for the provision, maintenance, and upgrading of facilities and services. An Affidavit was attached to the Request for Certification.

On September 5, 2002, the Commission electronically transmitted notice of the filing and the intervention deadline of September 13, 2002, to interested individuals and entities. No parties sought intervention.

At its regularly scheduled meeting of September 24, 2002, the Commission considered this matter.

The Commission has jurisdiction over this matter pursuant to SDCL Chapters 1-26, 49-31, and 47 U.S.C. § 254. The Commission found that the Company is eligible to receive federal support as it states it will only use the support for the provision, maintenance, and upgrading of facilities and services for which the support is intended. The Commission unanimously voted to approve Company's Request for Certification Regarding Its Use of Federal Universal Service Support. It is therefore

ORDERED, that the Company is eligible to receive federal support as it states it will only use the support for the provision, maintenance, and upgrading of facilities and services for which the support is intended. It is

FURTHER ORDERED, that the Commission approves Company's Request for Certification Regarding Its Use of Federal Universal Service Support.

Dated at Pierre, South Dakota, this 27<sup>th</sup> day of September, 2002.

<b>CERTIFICATE OF SERVICE</b>	
The undersigned hereby certifies that this document has been served today upon all parties of record in this docket, as listed on the docket service list, by facsimile or by first class mail, in properly addressed envelopes, with charges prepaid thereon.

Annual State Certification of Support for Rural Carriers

Dear Ms. Dortch and Ms. Flannery:

The South Dakota Public Utilities Commission (Commission) hereby states that the following rural incumbent local exchange carriers and/or eligible telecommunications carriers within its jurisdiction have been certified to receive support pursuant to 47 CFR §§ 54.301, 54.305, and/or 54.307 and/or part 36, subpart F. The carriers listed below filed requests for certification with the Commission which support their affirmations that all federal high-cost support provided to them will be used only for the provision, maintenance, and upgrading of facilities and services for which the support is intended, consistent with section 254(e) of the Communications Act. The Commission has granted certification to the following companies:

Armour Independent Telephone Company (391640)  
Baltic Telecom Cooperative and East Plains Telecom, Inc. (391642)  
Beresford Municipal Telephone Company (391649)
