~~EX~~ Received JUN 29 2005

Dear Ms. Bonrud:

On behalf of its member companies, attached for filing with the Public Utilities Commission (Commission) are revised pages of the Local Exchange Carriers Association (LECA) Tariff No. 1 (Attachment 1). The purpose of these revisions is to implement changes in rates as necessitated by revisions in member companies' revenue requirements.

Under state statute (SDCL 49-13-12.2) the revised rates included in the attached tariff pages are proposed to be effective August 1, 2005 and are calculated in the attached spreadsheet (Attachment 2). The table below shows each of the current and the proposed rates by rate element and by jurisdiction.

Access Rates:	Current Access Rates Effective August 1, 2004		Access Rates Proposed to become Effective on August 1, 2005	
	Originating	Terminating	Originating	Terminating
Carrier Common Line	\$0.0644	\$0.0788	\$0.0745	\$0.0900
Local Switching	\$0.0223	\$0.0274	\$0.0232	\$0.0272
Local Transport	\$0.0385	\$0.0385	\$0.0388	\$0.0388
Total	\$0.1252	\$0.1447	\$0.1365	\$0.1560

The total decrease in the combined annual revenue requirement is \$299,662 combined with a total decrease in minutes of use, equals an average increase per access minute of \$.0113 for each of the interexchange carriers.

All Interexchange Carriers "of Record" with the Commission will be notified of these revisions through a memo addressed and mailed by U.S. Mail to them on June 30th. A copy of the memo and the addressees will be forwarded to your attention.

Also, please note the development of these rates includes an adjustment to the revenue requirement for TC03-108. The corresponding member studies were approved December 10, 2004. These studies were used to develop the estimated rate billed in June and July 2004.

We have included a duplicate copy of this letter and would appreciate your acknowledgment of receipt of this filing by return of the copy appropriately receipted to the address below.

Sincerely,
Local Exchange Carriers Association
