Auto forwarded by a Rule

Based on follow up discussion with parties to the dockets above, I must modify the pre-filed testimony schedule request I filed yesterday.

The basic schedule shall remain:

Direct testimony (simultaneous, all parties) – July 9

Reply testimony (simultaneous, all parties) – August 4

With the following caveats:

- 1) Swiftel may present new arguments in its Reply Testimony (August 4) connected to discovery it obtains through a Motion to Compel, or otherwise is produced late.
- 2) Sprint/MCC may then reply specifically to the new August 4 Swiftel arguments by August 13, 2008.

Please include the additional agreements above in the Scheduling Order.

Thank you,

Kara Semmler
