RE: TC 06-052; RC Communications, Inc., d/b/a RC Services, Petition for Eligible
Telecommunications Carrier Certification

Dear Ms. Van Gerpen:

On behalf of our client, RC Communications, Inc., d/b/a RC Services (the "Company"), we are enclosing corrections to the above-referenced petition. The enclosed corrections include:

- The Company is filing the petition with respect to Qwest Corporation, not Qwest Communications as erroneously stated in the petition as originally filed.
- The Company is seeking eligible telecommunications carrier (ETC) designation only in the Qwest Corporation (Qwest) South Dakota exchange of Milbank, not in all Qwest South Dakota exchanges.

In addition to the corrections delineated above, we ask that this letter serve as official notice to the South Dakota Public Utilities Commission (the "Commission") that RC Communications, Inc., the competitive local exchange carrier (CLEC) is doing business as RC Services. The business name, RC Services, was registered with the South Dakota Secretary of State on February 9, 2006. While RC Communications, Inc., d/b/a RC Services, was referenced in its Tariff No. 1, effective April 11, 2006, submitted as part of Commission Docket TC 06-001, and in a network diagram submitted in response to a data request in Docket TC 06-001, we now ask to formally register the fictitious name with the Commission.

Yours truly,

Loretta Calabro
