

Wireless Alliance, L.L.C.

OUTAGES: January 2006 - December 2006

Geographic Area	Outage		Restored		Outage Description	Resolution of Outage	Services Affected	# Customers Affected	Steps taken to prevent similar situations.
	Date	Time	Date	Time					

Wireless Alliance, L.L.C. did not have any outages for the period that met reporting requirements.

Note - # of customers affected is estimated by taking the number of customers residing in the wire center and dividing by the number of cell sites serving that wire center. The exact number of customers affected would be dependent upon the number of call attempts during the service disruption that could not be served by a neighboring cell site.
