THIRD CONFIDENTIAL  
RESPONSE TO INQUIRIES**

Knology Community Telephone, Inc. ("Knology" or "Company"), by and through the undersigned, files the following supplemental response to the South Dakota Public Utilities Commission ("the Commission") inquiries received August 24, 2009, regarding the above reference docket.

- 2-1) Please describe the major proposed improvements or upgrades to Knology's network in 2010 and 2011. Include the cities/wire centers, projected costs and construction dates. If no major improvements or upgrades are proposed, please state so.**

As a supplement to the response filed on September 2, 2009, attached as a confidential exhibit is an excel spreadsheet which shows the major projects planned for the ILEC territory by wire center for the next 3 to 4 years. These projects will not all be completed in 2010 and 2011, but it is Knology's intent to continue to work these projects, and others that may arise, over the next few years.

Dated this 4th day of September, 2009.

Respectfully submitted,
