RE: Inmate Telephone Contract  
Certified Mail

Hello Mr. Whiteside,

I regret to inform you that Pennington County has chosen to move in a new direction with our inmate phone system. We have chosen Securus Technologies as our future inmate phone vendor. Our contract with Lattice Incorporated requires a 90 day notice of termination. I would request that you authorize us to end our current contract on August 31, 2016 (approximately 70 day notice) instead of the full 90 days required by contract.

We appreciate the working relationship we have had with Lattice Incorporated the last few years and would like to end our business relationship in an amicable manner. I will follow this email up with a more formal letter once I hear back from you on whether or not you will agree to mutually ending our contract on August 31, 2016. Please feel free to give me a call or let me know if you have other questions or concerns at this time.

Thank you.
