Scott, in addition to the issues regarding the lack of a response by NAT to CenturyLink's requests 2.1, 2.2, and 2.3 as addressed below, CenturyLink also requests that NAT reconsider its objections to and refusal to answer the following, as these subject matter areas are well within the issues as framed by the pleadings in this docket:

1.13 Produce all documents evidencing communications between you and any FCSC relating to calls that may be delivered to, or transported through, the area that is the subject of its Application for Certificate of Authority.

1.14 Produce all contracts, agreements or other documentation of understanding or arrangement between you and any FCSC relating in any way to calls delivered to, or transported through, the area that is the subject of NAT's Application for Certificate of Authority.

1.15 Produce all documents, memos, or correspondence addressing, discussing, analyzing, referencing or otherwise relating to business plans, strategies, goals, or methods of obtaining monies or revenues from interexchange carriers in the area that is the subject of NAT's Application for Certificate of Authority, for calls that may be delivered or transported to FCSCs. Thank you.

Scott, the words "documents, data, and other information" are qualified by the phrase "reviewed or analyzed by Carey Roesel in his preparation and drafting of his Direct Testimony." So, we're asking for the documents and information he reviewed from the time he started his preparation of his testimony through its completion.

If Mr Roesel did not review his college textbooks and Continuing Educational materials in the preparation of his testimony, then we are not asking for those. On the other hand, if he did review his college textbook in the formulation of his testimony, then we're asking for that.

Thank you.

Todd:

Thanks for your below email.

Please clarify what "documents, data, and other information" CenturyLink is seeking in Data Requests 2.1 and 2.2
The information encompassed by these Data Request could include Mr. Roesel's college textbooks, continuing education materials, etc.

Please advise.

Scott, I have received and reviewed NAT's responses to CenturyLink's second set of discovery requests, which, in sum, asks for information reviewed by NAT's consultant, Mr. Roesel, in the preparation of his testimony. Your responses to 2.1, 2.2, and 2.3 are that they are outside the scope of this case. I fail to see how a question of what an expert has reviewed in preparation of testimony that has actually been filed in the case could be outside its scope. Please let me and the others know how it is that the information reviewed in preparation of an expert's testimony filed in a docket could be outside the docket.

Further, you object on the grounds that use of the words "facts, data, and other information" is vague. I also fail to see how that objection is sustainable. In short, CenturyLink wants to know what Mr. Roesel reviewed and analyzed, and such language was intended to provide detail of what is being requested.

Thanks.
