Jay,

Thank you for your call and email. As you know, NAT's responses to Sprint's June 25 discovery requests were due on July 10. Sprint declines to provide NAT with the requested extension. However, assuming NAT provides responses via email by July 25, we will not file a motion to compel before that time.

Thanks.

Phil

Phil –

This follows our telephone conference today. I enjoyed meeting you over the phone.

I have requested a 10-day extension, to and including July 25<sup>th</sup>, in which to serve answers and responses to Sprint's discovery requests on NAT's amended application.

Please let me know if that is acceptable to you and your client.

Thanks,  
Jay
