EXHIBIT B

Access Wireless (i-wireless Lifeline) Call Center Script
Call Initiation – Part 1
Created February 4, 2011
Updated May 26, 2011 for discussions with the FCC

Greeting: “Thank you for calling Access Wireless. This is (Agent Name). May I please have your last name and the state you are calling from?”

**** Agent – Perform customer search while asking customer ****

- “Are you calling for a new application or to check status?”
- **If status of application:** “May I please have your address?”
- **If new application:** Validate that they are the head of household and that they are not currently receiving a Lifeline subsidized phone with the following line of questioning:
 - a) “Do you currently have wireless or home phone service?” (if no, skip (b) – (e))
 - b) **If yes:** “Is that [wireless or home phone] service a subsidized service or do you pay full price?”
 - c) **If subsidized:** “By law, the Lifeline program is only available for one phone per household. Do you know if your current phone is subsidized under the Lifeline program?”
 - d) **If they are unsure:** “Who is your provider for that service?” (Safelink, Assurance, TSI / Nexus Communications, Smith Bagley or DPI only offer Lifeline so go to (e) – if a more ambiguous provider, e.g., Verizon, Pacific Bell or Illinois Bell, try to question further to determine if they have Lifeline).
 - e) **If it is Lifeline:** “We cannot provide you with a second Lifeline phone. If there is a problem with that service or you want to be on our service, you must first disconnect your service with your other provider and then call back to establish service with us.”

*If it is evident that they don't already have Lifeline service then click on add new customer and fill out appropriate information.
