Washington, D.C. 20554

Re: *Connect America Fund*, WC Dkt. No. 10-90; *Lifeline and Link Up Reform and Modernization*, WC Dkt. No. 11-42

Dear Ms. Dortch:

Frontier Communications Corp. hereby files its annual report and certifications as required by sections 54.313 and 54.422 of the Commission's rules. Today Frontier is filing only the documents relevant to the companies listed below. Frontier will complete its filings for all of its companies by the Commission's July 1, 2014 filing deadline. A copy of this report is also being filed with the Universal Service Administrative Company and each relevant State public service commission in which Frontier operates as an ETC.

Portions of this filing are being made confidentially in accordance with the Federal Communications Commission's ("Commission") *Third Protective Order* in this docket.<sup>1</sup>

Specifically, Frontier requests confidential treatment of the detailed reporting of outages lasting longer than 30 minutes in 2013, which includes the location, cause, duration and efforts taken to prevent further outages. This information is competitively sensitive and is not normally released to the public; release of such sensitive data could give Frontier's competitors an advantage in the markets described therein.<sup>2</sup>

---

<sup>1</sup> *In re: Developing a Unified Inter-carrier Compensation Regime; Establishing Just and Reasonable Rates for Local Exchange Carriers; Connect America Fund; High-Cost Universal Service Support; A National Broadband Plan for Our Future*, CC Dkt. No. 01-92, WC Dkt. Nos. 07-135, 10-90, 05-337, GN Dkt. No. 09-51, *Third Protective Order*, DA 10-1749 (rel. Aug. 30, 2012).

<sup>2</sup> Frontier notes that section 4.2 of the Commission's rules, which governs disruptions of communications service, states that reports of service disruptions are "presumed to be confidential." 47 C.F.R. § 4.2 (2013).

Frontier also requests confidential treatment of its unfulfilled voice and broadband service requests. This information is competitively sensitive as it may provide an indication of where Frontier may target future service expansion. This information is not normally released to the public; release of such sensitive data could give Frontier's competitors an advantage in the markets described therein.

Finally, Frontier requests confidential treatment of its broadband price offerings. While broadband price offerings may be publicly available on a targeted and localized basis, Frontier does not make available a companywide description of its pricing across all markets, which is what this report provides. This information is competitively sensitive as pricing is a key component of broadband competition and is not normally released to the public at this scale; release of such sensitive data could give Frontier's competitors an advantage in the markets described therein.

The non-redacted submissions have been marked as confidential. Frontier requests that the documents marked as confidential be withheld from public inspection. Frontier is also filing a redacted copy of this report for public inspection.

Frontier submits today information for the following companies:
