(100) Service Quality Improvement Reporting Data Collection Form	FCC Form 481 OMB Control No. 3060-0986/OMB Control No. 3060-0819 July 2013
---	--

<010> Study Area Code	391669
<015> Study Area Name	MCCOOK COOP TEL CO
<020> Program Year	2015
<030> Contact Name - Person USAC should contact regarding this data	Judy Christiansen
<035> Contact Telephone Number - Number of person identified in data line <030>	4028181322 ext.
<039> Contact Email Address - Email Address of person identified in data line <030>	jchristiansen@consortiaconsulting.com

<110> Has your company received its ETC certification from the FCC? If your answer to Line <110> is yes, do you have an existing §54.202(a) "5 year plan" filed with the FCC?	(yes / no) <input type="radio"/> <input checked="" type="radio"/>
<111> year plan" filed with the FCC?	(yes / no) <input type="radio"/> <input type="radio"/>

If your answer to Line <111> is yes, then you are required to file a progress report, on line <112> delineating the status of your company's existing § 54.202(a) "5 year plan" on file with the FCC, as it relates to your provision of voice telephony service.

<112> Attach Five-Year Service Quality Improvement Plan or, in subsequent years, your annual progress report filed pursuant to 47 C.F.R. § 54.313(a)(1). If your company is a CETC which only receives frozen support, your progress report is only required to address voice telephony service.

Name of Attached Document

Please check these boxes below to confirm that the attached document(s), on line 112, contains a progress report on its five-year service quality improvement plan pursuant to § 54.202(a). The information shall be submitted at the wire center level or census block as appropriate.

- <113> Maps detailing progress towards meeting plan targets
- <114> Report how much universal service (USF) support was received
- <115> How (USF) was used to improve service quality
- <116> How (USF) was used to improve service coverage
- <117> How (USF) was used to improve service capacity
- <118> Provide an explanation of network improvement targets not met in the prior calendar year.

TrioTel Communications, Inc. (SAC 391669)

Certification of Compliance with Applicable Service Quality Standards and Consumer Protection Rules for Voice and Broadband Services

Service quality standards and consumer protection rules for broadband are not as defined as the rules for voice services. The Company complies with any service quality standards and consumer protection rules for broadband that are out there now and any that will be defined in the future.

Service Quality Standards

For voice services, the Company:

- Provides voice grade access to the public switched network.
- Provides flat rated local exchange service with no additional charge to end users.
- Provides access to the emergency services provided by local government or other public safety organizations, such as 911 and enhanced 911.
- Provides toll blocking and toll limitation services.

For voice and broadband services, the Company:

- Advertises the availability of its services and the charges using media of general distribution and/or on its website.
- Maintains a business office providing customers with access to a customer service representative either in person or via a local telephone call or toll-free telephone number during business hours.
- Directs after hour calls to the Company's help desk.
- Directs trouble reports to the on-call technician.
- Tracks all service orders to ensure they are completed in a timely manner.
- Measures its service connection and service interruption performance on a regular basis.
- Trains employees to:
 - Answer all incoming calls promptly.
 - Respond to all inquiries for information promptly and courteously.
 - Investigate thoroughly all customer complaints and handle appropriately according to the Company's guidelines for resolution of customer complaints.
 - Be knowledgeable about products and service offerings so they can assist the customer with selecting the best service option.
- Has a process for periodic inspection, testing and preventive maintenance of its equipment to permit the rendering of safe, adequate and continuous service at all times.
- Meets or exceeds the standards established by the state commission and provides any reports required in accordance with the state commission's rules.

Consumer Protection Rules

The Company has established operating procedures designed to facilitate compliance with applicable consumer protection rules which include compliance with the Customer Proprietary Network Information (CPNI) rules. The operating procedures include:

- Appointment of a compliance officer.
- A manual detailing the specific procedures for protecting consumer information.
- Employee training on an annual basis.
- A disciplinary process for improper use of consumer information.

If complaints are filed with the Company regarding consumer protection rules, the complaint is immediately investigated, the matter tracked and any corrective action noted. This process ensures that problems are addressed and corrections made.

TrioTel Communications, Inc.
SAC 391669

Functionality in Emergency Situations
for Voice and Broadband Services

Back-Up Power

TrioTel Communications, Inc. currently has in place the following items to ensure functionality in case of a commercial power outage. We have:

- Fixed stand-by generators at all central office locations
- We cycle all generators every Monday morning
- TrioTel has one Digital Loop Cabinet and one Regeneration Cabinet located remotely, both served by commercial power with 8+ hours of battery back-up and also wired for portable generator connections. All standby and backup power sources provide for uninterrupted switching and broadband services in the Central Offices.
- TrioTel Optical Network Terminals (ONT's) located at the customer's premise have batteries rated at 8-10 hours for continued essential voice service.
- We have five portable generators

Rerouting of Traffic around Damaged Facilities

TrioTel Communications currently has in place both an Ethernet Ring and also a SONET Ring for redundancy between our exchanges and interexchange carrier traffic. The Ethernet Ring and SONET Ring provide protection in the case of a fiber cut or the failure of a transport equipment failure to both the voice and broadband services.

Traffic Spikes

TrioTel Communications currently operates on 250 toll trunks, two Operator Assistance trunks, and 188 GR-303 circuits. We have 1,928 access lines, so we have an adequate amount of switching capacity to support sporadic traffic spikes. Broadband bandwidth usage is measured on a daily basis. When usage peaks near the allotted bandwidth, additional bandwidth is purchased to prevent service disruptions.

Five-Year Plan TrioTel Communications, Inc. (391669 & 391682)

Pursuant to 47 C.F.R. 54.202(a)(1)(ii), TrioTel Communications, Inc. (TrioTel) submits a five-year plan that describes with specificity proposed improvements or upgrades to its network throughout its proposed service area. TrioTel also provides estimates regarding the area and population that will be served as a result of the improvements. This plan is based on TrioTel's current business and financial conditions and is subject to change as a result of changes in those conditions.

Pursuant to 47 C.F.R. 54.313, in each subsequent year, TrioTel will file a progress report on its five-year service quality improvement plan pursuant to 54.202(a), including maps detailing its progress towards meeting its plan targets, an explanation of how much universal service support was received and how it was used to improve service quality, coverage, or capacity, and an explanation regarding any network improvement targets that have not been fulfilled in the prior calendar year.

As of January 1, 2014, [REDACTED] or [REDACTED] customers in TrioTel's Service Area (Exchanges served; [REDACTED], [REDACTED], [REDACTED], [REDACTED], [REDACTED], [REDACTED], [REDACTED] and [REDACTED]) have access to broadband Internet service through TrioTel's fiber optic facilities. Subscribers served by these facilities have access that meets or exceeds the 4/1 Mbps standard. No capital improvements are required for those subscribers meeting the 4/1 Mbps standard other than maintenance of facilities and as such, no capital investment to these subscribers is outlined in this plan.

Although no capital improvements are required in the TrioTel service area to bring subscribers to the 4/1 Mbps standard, TrioTel incurred approximately [REDACTED] in depreciation expense and [REDACTED] in on-going maintenance and operating expenses in calendar year 2013. It is reasonable to expect depreciation, maintenance, and operating expenses for the 2015 through 2019 calendar years will continue at similar amounts.

Attached is a map showing TrioTel's broadband service territory where 4/1 Mbps standard is provided to all existing customers.

TrioTel Broadband Coverage

Download Speed: ≥ 50 mbps and <100 mbps

Upload Speed: ≥ 3 mbps and <6 mbps

TrioTel Communications, Inc. (SAC 391669)

Lifeline Terms and Conditions

TrioTel Communications, Inc. (the “Company”) offers Lifeline program-supported service to qualified low-income residential consumers for one telephone line per eligible household. The Lifeline program provides discounts to eligible low-income consumers to help them establish and maintain telephone service. Lifeline assistance lowers the cost of basic, monthly local telephone service. Eligible consumers can receive \$9.25 per month in discounts. In addition, the Federal Universal Service Charge is not assessed to consumers participating in Lifeline. Toll Blocking prevents the placement of all long distance calls for which a subscriber would be charged. Toll blocking is available to eligible consumers at no cost. Also, by choosing this option, consumers are usually not charged a deposit.

Lifeline Program Eligibility Information

Program Based Eligibility

Consumers are eligible for Lifeline if they, one of their dependents or their household participate in one of the following qualifying assistance programs:

- Low-Income Home Energy Assistance Program (LIHEAP)
- Federal Public Housing Assistance (Section 8)
- Supplemental Nutrition Assistance Program (SNAP)
- Medicaid
- National School Lunch Program’s Free Lunch Program
- Supplemental Security Income (SSI)
- Temporary Assistance for Needy Families (TANF)

Lifeline applicants must present documentation demonstrating eligibility either through participation in one of the qualifying federal assistance programs or through income-based means.

Acceptable documentation of program-based eligibility includes: current or prior year’s statement of benefits from a qualifying state, federal or Tribal program; notice letter of participation in a qualifying state, federal or Tribal program; program participation documents; or another official document evidencing the consumer’s participation in a qualifying state, federal or Tribal program.

Income Based Eligibility

In addition, consumers are eligible for Lifeline if their household income is at or below 135% of the federal poverty guidelines.

2014 Federal Poverty Guidelines – 135%

Household Size	48 Contiguous States and D.C.	Alaska	Hawaii
1	\$15,755	\$19,683	\$18,117
2	\$21,236	\$26,541	\$24,422
3	\$26,717	\$33,399	\$30,726
4	\$32,198	\$40,257	\$37,031
5	\$37,679	\$47,115	\$43,335
6	\$43,160	\$53,973	\$49,640

7	\$48,641	\$60,831	\$55,944
8	\$54,122	\$67,689	\$62,249
For each additional person, add	\$5,481	\$6,858	\$6,305

Acceptable documentation of income eligibility includes: prior year’s state, federal or Tribal tax return; current income statement from an employer or paycheck stub; social security statement of benefits; Veterans Administration statement of benefits; retirement/pension statement of benefits; unemployment/workmen’s compensation statement of benefits; federal or Tribal notice of letter participating in General Assistance; or a divorce decree or child support award or other official document containing income information.

Numbers of Minutes-of-Use Provided as Part of Lifeline Program Service

The Company’s Voice Lifeline service includes unlimited local minutes-of-use within the toll-free calling area. The Company’s Voice Lifeline Plan does not include any free minutes-of-use for toll. Toll is billed at the standard toll rate depending on which interexchange carrier the consumer subscribes to for toll service. As part of the Lifeline service, Toll blocking is available to eligible consumers at no cost.

Rates

Subscribers may receive the Lifeline credit on any type or grade of local service, including bundled services that are normally offered by the Company. Advertised rates do not include any applicable taxes or surcharges.

Recertification of Lifeline Eligibility

Lifeline recipients are required to recertify their eligibility annually. Failure to properly recertify a recipient’s continued eligibility for the Lifeline program will result in termination of the Lifeline recipient’s monthly Lifeline discount and de-enrollment from the Lifeline Program.

Additional Lifeline Program Information

The Lifeline program is limited to one benefit per household, consisting of either wireline or wireless service. A household is defined, for purposes of the Lifeline program, as an individual or group of individuals who live together at the same address and share income and expenses. Lifeline is a government benefit program, and consumers who willfully make false statements in order to obtain the benefit can be punished by fine or imprisonment or can be barred from the program.

REDACTED - FOR PUBLIC INSPECTION

According to the Paperwork Reduction Act of 1995, an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 0572-0031. The time required to complete this information collection is estimated to average 4 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information.

USDA-RUS OPERATING REPORT FOR TELECOMMUNICATIONS BORROWERS	This data will be used by RUS to review your financial situation. Your response is required by 7 U.S.C. 901 et seq. and, subject to federal laws and regulations regarding confidential information, will be treated as confidential.
