Lifeline

Tribal Lifeline and Toll Blocking support is available from Venture Communications. These programs provide discounts to eligible low-income consumers to help them establish and maintain telephone service.

Lifeline assistance lowers the cost of basic, monthly local telephone service. Eligible consumers can receive \$9.25 per month in discounts. In addition, the Federal Universal Service Charge is not assessed to consumers participating in Lifeline.

Toll Blocking prevents the placement of all long distance calls for which a subscriber would be charged. Toll Blocking is available to eligible consumers at no cost.

Customers are eligible if they, one of their dependents or their household participate in one of the following programs:

- Low-Income Home Energy assistance Program (LIHEAP)
- Federal Public Housing Assistance (Section 8)
- Supplemental Nutrition Assistance Program (SNAP), f/k/a Food Stamps
- Medicaid
- National School Lunch Program's Free Lunch Program
- Supplemental Security Income (SSI)
- Temporary Assistance for Needy Families (TANF)

In addition, consumers are eligible if their household income is at or below 135% of the federal poverty guidelines.

Venture Communications voice service is a Lifeline-supported service. Only eligible consumers may enroll in the Lifeline program. Lifeline applicants must present documentation demonstrating eligibility either through participation in one of the qualifying federal assistance programs or through income-based means. Lifeline recipients are required to recertify their eligibility every year. The Lifeline program is limited to one benefit per household, consisting of either wireline or wireless service. A household is defined for purposes of the Lifeline program, as an individual or group of individuals who live together at the same address and share income and expenses. Lifeline is a government benefit program, and consumers who willfully make false statements in order to obtain the benefit can be punished by fine or imprisonment or can be barred from the program.

To apply for this low-income assistance, please contact Venture Communications at 1-800-824-7282, 605-852-2224 or by going to our website at venture@venturecomm.net.

Trouble Shooting Tips:

Trouble with your telephone may come from any of three sources:

1. The telephone set
2. Wiring inside your home or business
3. The telephone line

To check:

Test your modular phone by unplugging the one with the problem and try another phone. If this corrects the problem, it is probably a problem with your telephone itself. Have the phone repaired or replaced.

If you have determined that the telephone is not the problem, check the phone at the phone jack nearest to where your phone line comes into your home or business. If the phone works here but not in another place in your house, the problem is most likely in the inside wiring. If the inside wiring appears to be the problem or you cannot identify what is causing the problem, contact the telephone office at 611 or 1-800-824-7282.

To Report Trouble:

When reporting trouble to our service desk or off-hours answering service, please provide the following information:

1. Your full name and street address.
2. Your telephone number.
3. What the trouble is and if you are having trouble with all of your telephones or just one.
4. If possible, a telephone number where you can be reached.

Customer Assurance Plan

Nobody likes to worry about what might happen. That's why we have developed our *Customer Assurance Plan* to protect you in case of the unexpected. If you have trouble with the telephone wiring or installed jacks inside your home or business, our technicians will repair the problem at no cost to you. Without this protection, a problem in the wiring within your house will cost you time and materials, which can quickly run into a large sum of money. Don't wait!! Call our office today at 611 or 1-800-824-7282 to have our *Customer Assurance Plan* placed on your line.

Low Income Assistance Available to Telephone Subscribers

In response to concerns about the affordability of telephone service for low-income citizens, Venture Communications is authorized to offer Lifeline to our customers. Lifeline is a federal telephone assistance program. To be eligible for this program, the applicant must participate in at least one of the following public assistance programs: food stamps, federal public housing assistance, low-income home energy assistance, Medicaid, or supplemental security income (SSI).

To be eligible for the Enhanced Lifeline or the Link-Up programs, the applicant must live on tribal land and participate in at least one of the following public assistance programs: food stamps, federal public housing assistance, Head Start (meeting income qualifying standards), low-income home energy assistance, Medicaid, national school lunch program's FREE lunch program, supplemental security income (SSI), tribally administered temporary assistance for needy families or Bureau of Indian Affairs (BIA) general assistance program.

Lifeline provides eligible subscribers with a credit of \$9.25 each month on the basic service portion of their telephone bill. The discount applies on the main home telephone line listed in the name of the eligible telephone company subscriber. Lifeline subscribers may also receive blocking of long distance calls on their telephone line at no charge.

Enhanced Lifeline provides subscribers expanded eligibility opportunities and additional telephone service discounts. They may also receive long distance blocking on their telephone at no charge. Eligible subscribers for Enhanced Lifeline must live on Tribal Land

If you meet the eligibility requirements, you can obtain an application from our main office in Highmore or the office in Sisseton and return it to either location. You may also print off an application from our website at www.venturecomm.net. When you no longer participate in any of the qualifying public assistance programs, you are no longer eligible for Lifeline or Link-Up. Each household is only able to receive one Lifeline discount. You are obligated by law to notify Venture Communications and advise us of your ineligibility. If you have any questions about Lifeline or Link-Up, please contact us at 852-2224 for more information.
