COMMUNICATOR

Call Before You Dig - It's the Law!

Call 811 at least 48 hours before you dig

What is South Dakota One-Call?

South Dakota One-Call is a statewide system established in 1995. SD One-Call is used to inform all South Dakota underground facility operators of intended excavation. South Dakota One-Call notifies those facility operators and encourages excavators to be aware that other underground facilities, especially privately owned underground facilities, may be present.

A new, federally-mandated national "Call Before You Dig" number, 811 was created to help protect you from unintentionally hitting underground utility lines while working on digging projects. 811 will not replace your local one call number. When you dial 811 from anywhere in the country, your call will be routed to your local One-Call Center.

Why should I call 811 before every dig?

Homeowners often make risky assumptions about whether or not they should get their utility lines marked, but every digging job requires a call. Even a small project like planting a tree requires the excavator to call 48 hours prior to digging. The excavator is the party who will be doing the digging, not the property owner. The only exception would be when the homeowner is gardening at a depth less than 12 inches or when a farmer is tilling a field at a depth less than 18 inches.

Whether you are a homeowner or a professional excavator, one call to 811 gets your underground utility lines marked for FREE. Knowing the location of your utility lines before you dig will help protect you and your family.

Windows XP no longer supported

Microsoft ending support

After 12 years, support for Windows XP will end on April 8, 2014. There will be no more security updates or technical support for the Windows XP operating system. It is very important that customers migrate to a modern operating system such as Windows 8.1. Customers moving to a modern operating system will benefit from dramatically enhanced security and higher user productivity.

PC's running Windows XP after April 8 should not be considered to be protected, and should be aware of potential malicious attacks exploited by malware. To find out what operating system you are running on your PC, right click the computer icon located on your desktop.

Computer Cleaning

Get your PC running smoothly

Spring Fever is in the air. By now you are all in full swing getting prepared for spring, cleaning your windows, raking up leftover winter debris from the yard, or procrastinating like the majority of us. One thing you probably haven't thought of is getting your computer cleaned. Dust buildup in computers can result in overheating and failure of electronic components, which can lead to costly repairs.

RC is offering a spring cleaning special for \$25 to clean dust and other foreign debris from inside your computer housing. Additional charges may apply for other services. Call Noah to schedule an appointment today!

Yes, You Can Afford Telephone Service

Lifeline and Link-Up programs available for low income citizens

Roberts County Telephone Cooperative Association (RCTCA) and RC Communications, Inc. (RCC) are authorized to provide federal telephone assistance programs. Three such programs provided by both companies are "Lifeline", "Tribal Lifeline" and "Tribal Link-Up." The programs were developed in response to concerns about the affordability of telephone service for low income citizens.

LIFELINE: The Lifeline program provides a monthly credit of \$9.25 on the basic service portion of the participant's telephone bill. The credit applies on the main home telephone line listed in the name of the eligible telephone company subscriber. Lifeline subscribers may also receive blocking long distance calls on their telephone line at no charge.

TRIBAL LIFELINE: The Tribal Lifeline program provides up to an additional \$25.00 in federal support to qualifying residents of Tribal Lands and applies on the main home telephone line listed in the name of the eligible telephone company subscriber.

TRIBAL LINK-UP: Tribal Link-Up support is available to qualifying consumers residing on Tribal Lands and covers 100% of the charges (up to \$100) that the carrier customarily assesses for installing/connecting subscribers to the network.

If you are on Lifeline or Link-Up and are no longer eligible for any of these low-income programs or if your household income no longer meets the requirements set forth in the Federal Poverty Guidelines, you are obligated by law to notify RCTCA or RCC of your ineligibility. The FCC prohibits consumers from receiving more than one Lifeline subsidized wireless telephone or discounted home telephone.

Applicants are eligible if they participate in at least one of the following public assistance programs as follows or have a household income that is at or below 135% of the Federal Poverty Guidelines (documentation required):

Federal Public Housing Assistance (FPHA) or Section 8

Low Income Home Energy Assistance Program (LIHEAP)

National School Lunch Program's free lunch program

Supplemental Security Income (SSI)

Temporary Assistance for Needy Families (TANF) or Tribal TANF

Supplemental Nutrition Assistance Program (SNAP) formerly Food Stamps

Medicaid

Spring Sun Outage Notification

Effects vary from cable system to cable system

As happens each spring and fall, we are entering that brief period of time during which, for a few minutes each day, the alignment of the sun, the earth, and cable TV satellites causes the sun's energy to interfere with cable system reception. The result will appear as blocking, freezing, and temporary total loss of picture. These effects will vary from cable system to cable system depending on the size of antennas, the quality of signal and other factors.

This sun outage period affects all programs on all satellites in the late afternoon to early evening. Outage times for each satellite and for each city across the country will vary as each satellite's shadow moves from west to east.

Telephone Assistance

Can't afford telephone service? The Lifeline program can help.

Lifeline

Lifeline Telephone Assistance Programs are available for qualifying subscribers. These programs provide a monthly service discount on telephone service. Toll blocking at no charge and reduced deposits are also available with the Lifeline Program.

- Can save you at least \$9.25 on your monthly phone bill for primary local telephone service.
- Lifeline program is limited to one Lifeline benefit per household.

Who is eligible?

To qualify for Lifeline, subscribers must either have a household income that is at or below 135 percent of the Federal Poverty Guidelines, or the subscriber, one or more of the subscriber's dependents, or the subscriber's household must receive benefits from one of the following assistance programs:

- Medicaid
- Federal Public Housing Assistance (Section 8)
- Low Income Housing Energy Assistance (LIHEAP)
- Supplemental Nutrition Assistance Program (SNAP)
- Temporary Aid to Needy Families (TANF)
- National School Lunch Program Free Lunch Program
- Supplemental Security Income (SSI)

How to obtain the telephone services

If you or a member of your household qualify for one of the above programs through your county Social Services Office, you will need to contact RC Technologies for an application.

What if my benefits stop?

If you no longer participate in any of the qualifying assistance programs and you do not meet the income guidelines, you are required to notify RC that you are no longer eligible for Lifeline assistance.

If you live within the telephone exchanges of Roberts County Telephone Cooperative Association, RC Communications or RC Services and would like more information on Lifeline, contact the RC office. For questions on eligibility, call your county social services office.

Note: People who live on Tribal lands may be eligible for separate Tribal Lifeline and Tribal Link-Up Programs.

A subscriber who lives on Tribal lands and is an eligible resident of Tribal lands is eligible for Tribal Lifeline service if the subscriber, one or more of the subscriber's dependents, or the subscriber's household participates in any of the above-listed qualifying assistance programs or one of the following Tribal-specific federal assistance programs: Bureau of Indian Affairs General Assistance; Tribally Administered Temporary Assistance for Needy Families; Head Start (if income eligibility criteria are met); or the Food Distribution Program on Indian Reservations (FDPIR). Tribal subscribers may also qualify if the household income is at or below 135% of the Federal Poverty Guidelines.

Roberts County Telephone Cooperative Association, RC Communications or RC Services' voice service are Lifeline-supported services. Only eligible consumers may enroll in the Lifeline program. Lifeline applicants must present documentation demonstrating eligibility either through participation in one of the qualifying federal assistance programs or through income-based means. Lifeline recipients are required to recertify their eligibility every year. The Lifeline program is limited to one benefit per household, consisting of either wireline or wireless service. A household is defined, for purposes of the Lifeline program, as an individual or group of

individuals who live together at the same address and share income and expenses. Lifeline is a government benefit program, and consumers who willfully make false statements in order to obtain the benefit can be punished by fine or imprisonment or can be barred from the program.

Lifeline and **Toll Blocking** support is available from RC Technologies. These programs provide discounts to eligible low-income consumers to help them establish and maintain telephone service.

Lifeline assistance lowers the cost of basic, monthly local telephone service. Eligible consumers can receive \$9.25 per month in discounts. In addition, the Federal Universal Service Charge is not assessed to consumers participating in Lifeline.

Toll Blocking prevents the placement of all long distance calls for which a subscriber would be charged. Toll blocking is available to eligible consumers at no cost. Also, by choosing this option, consumers are usually not charged a deposit.

Customers are eligible if they, one of their dependents or their household participate in one of the following programs:

- Low-Income Home Energy Assistance Program (LIHEAP)
- Federal Public Housing Assistance (Section 8)
- Supplemental Nutrition Assistance Program (SNAP), f/k/a Food Stamps
- Medicaid
- National School Lunch Program's Free Lunch Program
- Supplemental Security Income (SSI)
- Temporary Assistance for Needy Families (TANF)

In addition, consumers are eligible if their household income is at or below 135% of the federal poverty guidelines.

RC Technologies voice service is a Lifeline-supported service. Only eligible consumers may enroll in the Lifeline program. Lifeline applicants must present documentation demonstrating eligibility either through participation in one of the qualifying federal assistance programs or through income-based means. Lifeline recipients are required to recertify their eligibility every year. The Lifeline program is limited to one benefit per household, consisting of either wireline or wireless service. Lifeline is a government benefit program, and consumers who willfully make false statements in order to obtain the benefit can be punished by fine or imprisonment or can be barred from the program.

To apply for this low-income assistance, please contact the RC Technologies at 637-5211 or 1-800-256-6854.

CUSTOMER NOTICE
CUSTOMERS ON INDIAN RESERVATIONS OR TRIBAL LANDS

Tribal Lifeline, Tribal Link Up and Toll Blocking support is available from RC Technologies. These programs provide discounts to eligible low-income consumers to help them establish and maintain telephone service.

Tribal Lifeline assistance lowers the cost of basic, monthly local telephone service. Eligible consumers receive \$23.60 per month in discounts.

Tribal Link Up reduces the cost of initiating new telephone service by providing a waving \$25.00 dollar connection fee. Eligible consumers also qualify for a deferred payment schedule for remaining costs of up to \$200.

Toll Blocking prevents the placement of all long distance calls for which a subscriber would be charged. Toll blocking is available to eligible consumers at no cost. Also, by choosing this option, consumers are usually not charged a deposit.

Customers are eligible if they, one of their dependents or their household participate in one of the following programs:

General Rules, Regulations, & Information

PAYMENT OF BILLS

All telephone, internet and video service bills will be billed to the subscriber on a monthly basis. Statements shall be mailed to the subscriber the first of each month. Local service charges are billed one month in advance. The statement is due by the 10th of each month. Customers that have not made full payment will receive a reminder call on the 13th. If no payment by the 20th, customer will receive a final call. If payment is not received by the last day of that month, penalty fees will be added to the past due account. If payment is still not received by the 5th of the following month, (1) service will be disconnected for non payment and will not be reconnected until the current amount due, plus additional charges have been paid in full. (2) RC Technologies may charge an additional deposit fee in its discretion.

If a customer pays a portion of their bill sufficient to cover all local service charges, but not long distance charges, the company may, at its discretion, or at the customer's request, put a toll restriction on the customer's line until all long distance charges and any additional local service charges are paid in full. Toll service will be restored once, and only if, all past due amounts are received.

RC offers many convenient ways to pay your monthly bill. Have your payments automatically deducted from your bank account, credit card, or register on-line at www.tnics.com for electronic billing. Choose from either monthly or recurring payment options. When mailing payments to the RC office, be sure to enclose the payment stub along with your payment.

NEW OR RECONNECTED SUBSCRIBER PROMPT PAYMENT POLICY

RC Technologies reviews the service payment history for all subscribers. Such payment history serves as the basis for establishing a credit rating for each subscriber. New subscribers who do not have a credit rating, or who have a credit rating which does not meet minimal standards established from time to time by RC Technologies, must make their payments within 10 days after billing for the first 6 months of service. Subscribers who have been disconnected for non-payment must make their payments within 10 days for the first 6 months after reconnection. Assuming payments are made in a timely fashion during the first 6 months of service, such subscribers are subject to the Payment of Bills procedure described above and payments must then be made in accordance with that schedule.

RC Technologies may in its discretion disconnect service for new subscribers or subscribers who have been reconnected after being disconnected for non-payment, who do not observe this required Prompt Payment Policy.

NEW OR RECONNECTED SUBSCRIBER DEPOSIT POLICY

A \$100.00 deposit will be required at the time of application for each new subscriber with no credit rating or a credit rating which does not meet the minimum standards

established from time-to-time by RC Technologies or subscribers who have been reconnected after disconnection for non-payment. The deposit will be returned after one year if payments are successfully made complying with the Subscriber Prompt Payment Policy and Payment of Bills Policy for 12 consecutive months. The deposit will be retained by RC Technologies if the subscriber fails to comply with these policies.

APPLICATIONS FOR NEW SERVICE - MOVES OR DISCONTINUANCE OF SERVICE

It is preferred that you stop in person at our Business Office to arrange for the installation of service. If this is not convenient, please telephone us and we will be glad to furnish you with an application for service prepared for your signature.

If you wish telephone service discontinued or instruments moved from one location or address to another location or address, our Business Office should be notified by telephone or letter ten days in advance.

After the telephone has been placed at a location designated by the customer, the customer agrees not to move, alter or molest the instrument or any telephone equipment on the premises leased from the company to the customer.

SUSPENSION OF SERVICE

When you are away from your residence for an extended period, you may arrange to have your telephone service temporarily suspended at a reduced rate, retaining your telephone number.

BUSINESS CLASSIFICATION

Telephone numbers used in business advertising will classify that number as a business telephone regardless of the location. The use of the service rather than location will determine the classification.

RESIDENCE ADDITIONAL LISTINGS

You can list other members of your household in the telephone directory. Extra listings make it easier for friends to locate members of your family and add to a really complete service in your home.

TELEPHONE DIRECTORIES

One directory for each access line and/or each instrument leased through this business office is furnished without charge.

ERRORS AND OMISSIONS

ERRORS IN DIRECTORY. While every effort is made to insure accuracy in the compiling and printing of the directory to prevent errors and omissions, they may still occur despite all precautions. The publishers and the Telephone Company ask the public to recognize this and take this means of informing all that the publishers and the Telephone Company will assume no liability for alleged damage caused by any one because of such errors or omissions.

CHANGING TELEPHONE NUMBERS

Changing telephone numbers and instruments is expensive to the Company and at the same time results in some inconveniences to our customers. For these reasons, such changes are avoided whenever possible. To meet the increasing use of telephone service by subscribers and in order to provide for new and additional service, rearrangements in our plant are necessary. Your cooperation in such readjustments affecting your service will be appreciated.

REPORT LINE TROUBLE PROMPTLY

If your telephone or telephone line is out of order, please see page 26 for troubleshooting tips. RC Technologies has no way of knowing whether or not your telephone isn't in working order unless reported.

RIGHT OF ACCESS TO PREMISES

At all reasonable times the Company, through its authorized employees, shall have the right of access to the premises of the subscriber to install, inspect, or repair the lines or equipment, or to remove them upon termination of the subscriber's right of use.

FIRE ALARMS AND OTHER EMERGENCY CALLS

The Telephone Company assumes no responsibility in accepting or handling or transmitting fire calls or other emergency calls of any nature.

HOW TO REPORT EMERGENCIES

The quickest way to report any emergency is to dial 911.

TEACH CHILDREN ABOUT THE TELEPHONE

There are two important things to teach children about the telephone:

1. How to dial emergency numbers.
2. How to dial "home" and an "alternate call" number in case no one is home (i.e. work, friend, relative).

Emergencies are never expected to happen, but sometimes they DO. Teach children to dial emergency phone numbers. Children should also be taught to give their name, address (including town and state), and
