Broadband Grant Program

The Border-to-Border Broadband Development Grant Program has issued \$19.4 million in grants to expand broadband service in unserved and underserved regions throughout Minnesota. The grants, which provide up to 50 percent of project development costs, will bring high-speed Internet to nearly 6,100 homes, 83 community institutions and hundreds of businesses statewide.

Otter Tail Telecom was awarded three grants for expansion in the West Swan Lake area, Stuart Lake area and 245th Street area of Fergus Falls. Otter Tail Telecom CEO Dave Bickett, participated in a

press conference on March 4th held at Gateway Building in Fergus Falls, along with Lieutenant Governor Tina Smith, Minnesota Office of Broadband Director Danna MacKenzie, and others.

Left to Right: Danna MacKenzie - MN Office of Broadband Development; Lt. Governor Tina Smith, and Dave Bickett - Otter Tail Telecom General Manager

Lifeline Link Up

You may qualify for discounted telephone service if your income level falls below 135% of the Federal Poverty Guidelines or if you are currently receiving benefits under one or more of the following programs: Medicaid, food stamps, Supplemental Security Income (SSI), Minnesota Family Investment Program (MFIP) Federal Public Housing Assistance, or the Low-Income Home Energy Assistance Program.

About Minnesota Relay

Minnesota Relay is a free service providing full telephone accessibility to persons who are deaf, deaf/blind, hard-of-hearing, or speech-disabled. A specially trained communication assistant (CA) facilitates the telephone conversation between a person who has hearing loss or a speech disability and a hearing person. Calls can be made to anywhere in the world (long distance charges apply), 24 hours a day, 365 days a year, with no restrictions on the number, length or type of calls. All calls are strictly confidential and no records of any conversations are maintained.

Minnesota Relay is administered by the Telecommunication Access Minnesota (TAM) program within the Minnesota Department of Commerce. The Minnesota Relay center is located in Moorhead, MN. Minnesota Relay and associated

outreach services are provided to the state under contract with Communication Service for the Deaf.

Minnesota Relay is funded through a monthly surcharge on each wired and wireless telephone access line in the state.

For specific instructions on placing or receiving a Minnesota Relay call, please see the instructions on page 9 of this directory or visit the Minnesota Relay website at www.mnrelay.org.

Minnesota Telephone Assistance Plan

The Minnesota Telephone Assistance Plan (TAP) may provide eligible persons with a credit of up to \$3.50 per month on their phone bills. You are eligible for the assistance if participating in one or more of the following programs:

- * Medical Assistance (MA)
- * Food Support (food stamps)
- * Minnesota Family Investment Program (MFIP)
- * Low-Income Home Energy Assistance Program (LIHEAP)
- * Supplemental Security Income (SSI)
- * Federal Public Housing Assistance
- * National School Free Lunch Program
- * Under 135% of Federal Poverty level

If you do not qualify under the above criteria, but live on a federally recognized reservation, you can also qualify if you participate in one of the following:

- * Bureau of Indian Affairs General Assistance
- * Tribally Administered Temporary Assistance for Needy Families
- * Head Start (only for those meeting the income qualifying standard)
- * National School Lunch Program's free lunch program

If you are participating in one or more of these programs, you may certify eligibility by completing an application, providing proof of eligibility for benefit, and submitting it to our business office. Please contact our business office for an application.

Federal Lifeline Plan

You may qualify for a monthly federal Lifeline credit on your telephone bill if you are receiving benefits under one or more of the following programs: Medicaid, Food Stamps, Supplemental Security Income (SSI), Federal Public Housing Assistance, Low-Income Home Energy Assistance Program, or the National School Free Lunch Program.

If you are participating in one or more of these programs, you may certify eligibility by completing an application, providing proof of eligibility for benefit, and submitting it to our business office. Please contact our business office for an application.

How health care spending growth in 2012

in 2012, even though Minnesota's uninsured rate remained high and employment had not fully recovered. "It's yet to be seen whether Minnesota will return to near double-digit rates of growth after the lagged effects of the recession have worn off," said Stefan Gildemeister, MDH's state health economist. "What we are learning from Minnesota's lower than national per-person spending suggests our role as a leader in delivering efficient health care services remains intact."

Other possible factors slowing the growth in costs include:

- Continued increased shifting of costs to consumers.
- Slower development and implementation of new medical

technologies.

•Implementation of consumer protections in insurance, which require health insurance companies to spend a certain share of premiums on delivery of health care services.

•A number of government and private sector initiatives aimed at improving care coordination, promoting value through payment reform and investing in health information technology.

Future spending projections

The report also contains projections of health care spending to estimate future spending trends, including the marginal impact of the Affordable Care

Act and Minnesota health reforms.

Considering all available information, including Minnesota's 2008 reforms and the recent financial downturn, MDH projects that health care spending will reach \$76.4 billion by 2022, an average annual growth of 6.7 percent. A small portion of this growth is driven by anticipated growth in coverage and health care use due to the Affordable Care Act. Health care spending for the newly insured is projected to increase total spending by about \$1.8 billion in 2016, the year when analysts expect changes in coverage to stabilize.

Lifeline/Link-Up Program

You may qualify for discounted telephone service. The Federal Communications Commission's (FCC) Lifeline/Link-up Program provides for discounted telephone service for Americans whose income falls below certain guidelines. If your income level falls at or below 135% of the Federal Poverty Guidelines, then you will qualify for discounted telephone service under the terms of the FCC's Lifeline/Link-Up Program. Consumers will also be eligible to receive the discount if they're receiving assistance from at least one of the following programs: Food Stamps, Medicaid, Temporary Assistance to Needy Families (TANF), National School Lunch Program's Free Lunch Program, Federal Public Housing Assistance (FPHA), Low Income Home Energy Assistance (LIHEAP) and Supplemental Security Income (SSI).

Another version of the Lifeline/Link-Up Program is the Tribal Program. It provides basic telephone service for just \$1 per month to people of all races living on tribal lands and expands the eligibility requirements to also include those participating in Tribal Head Start (those meeting the incoming qualifying standard), Bureau of Indian Affairs (BIA) general assistance programs, Tribally administered Temporary Assistance to Needy Families (TTANF) and the Tribal National School Lunch Program's Free Lunch Program. To enroll in the Lifeline/Link-up Program, please call 1-866-290-1729.

Welcome! We are
glad to have you....

...as a customer and want to take the time to thank you for choosing Valley Telephone. Our parent company, Park Region Telephone, has been providing quality telecommunications services to the area since 1906 and we are proud to bring that tradition of excellence to Browns Valley.

If you have questions or concerns about your telephone service at any time, please call our office toll free by dialing 611 from any phone receiving service from us.

We'll also be happy to discuss with you other telecommunications needs you might have for your home or business and then offer solutions from our broad range of products and services.

Again, thank you for choosing Valley Telephone Company! It's our privilege to serve you.

Sincerely

The Staff of Valley Telephone

Some Important Information

Directory Listing

Your name, address and phone number will be listed in the next issue of the directory (with the exception of Non-List and Non-Published numbers) which has an issue date of May 1. However, this information will become part of the area information records soon after your service is connected. We call the information into the area information center daily, but it usually takes a day or two to become active in Directory Assistance.

Directory Information

On the first several pages of your Valley Telephone Company Area Wide Directory published by Valley Telephone, Farmers Mutual Telephone, Federated Utilities and Hometown Solutions, you'll find the following helpful information:

1. Emergency Numbers
2. Repair Service Assistance Information
3. Long Distance & International Calling Info
4. Local Calling Areas
5. Area Codes
6. Calling Feature Instructions

Review this information carefully as it directly affects the use of your service.

Billing Policy

Our rates are based on the issuance and payments of bills received on a monthly basis. The billing date is the first day of the month, with the due date the 15th of each month. Local phone service and cable TV are billed one month in advance. Internet services and long distance charges are billed in arrears.
