<110> Has your company received its ETC certification from the FCC? If your answer to Line <110> is yes, do you have an existing §54.202(a) "5 year plan" filed with the FCC?	(yes / no) <input type="radio"/> <input checked="" type="radio"/>
<111> year plan" filed with the FCC?	(yes / no) <input type="radio"/> <input type="radio"/>

If your answer to Line <111> is yes, then you are required to file a progress report, on line <112> delineating the status of your company's existing § 54.202(a) "5 year plan" on file with the FCC, as it relates to your provision of voice telephony service.

<112> Attach Five-Year Service Quality Improvement Plan or, in subsequent years, your annual progress report filed pursuant to 47 C.F.R. § 54.313(a)(1). If your company is a CETC which only receives frozen support, your progress report is only required to address voice telephony service.

Name of Attached Document

Please select the appropriate responses below (Yes, No, Not Applicable) to confirm that the attached document(s), on line 112, contains a progress report on its five-year service quality improvement plan pursuant to §54.202(a). The information shall be submitted at the wire center level or census block as appropriate.

<113> Maps detailing progress towards meeting plan targets	Yes
<114> Report how much universal service (USF) support was received	Yes
<115> How much (USF) was used to improve service quality and how support was used to improve service quality	Yes
<116> How much (USF) was used to improve service coverage and how support was used to improve service coverage	Yes
<117> How much (USF) was used to improve service capacity and how support was used to improve service capacity	Yes
<118> Provide an explanation of network improvement targets not met in the prior calendar year.	Not Applicable

It is estimated that [REDACTED] of universal service funding received in 2014 was used to ensure and improve *service quality*. This ensures that the network is maintained and operated to provide telecommunications and information services as well as interexchange services and advanced telecommunications that are reasonably comparable to those services offered in urban areas and are available at rates that are reasonably comparable to rates charged for similar services in urban areas. Expenditures are not tracked at the wire center or census block level and are reported here on a total service area basis. We believe it is reasonable to conclude the same [REDACTED] of universal service funding received in 2014 will be used to ensure and improve service quality in 2015.

It is estimated that [REDACTED] of universal service funding received in 2014 was used improve *service coverage* at wire centers served by our company for telecommunications and information services as well as interexchange services and advanced telecommunications (broadband). Due to these expenditures, [REDACTED] of households in our service area will have access to our broadband capable network as of July 1, 2015. Expenditures are not tracked at the wire center or census block level and are reported here on a total service area basis. We believe it is reasonable to conclude the same [REDACTED] of universal service funding received in 2014 will be used to improve service coverage in 2015.

It is estimated that [REDACTED] of universal service funding received in 2014 was used improve *service capacity* at wire centers served by our company for telecommunications and information services as well as interexchange services and advanced telecommunications (broadband). Due to these expenditures, [REDACTED] of households in our service area will have access to our broadband capable network at speeds that meet or exceed 10Mbps/1Mbps as of July 1, 2015. Expenditures are not tracked at the wire center or census block level and are reported here on a total service area basis. We believe it is reasonable to conclude the same [REDACTED] of universal service funding received in 2014 will be used to improve service capacity in 2015.

Midstate Communications, Inc. and Midstate Telecom

100% of Service Area Meets or Exceeds 10Mbps/1Mbps

Certification of Compliance with Applicable Service Quality Standards and Consumer Protection Rules

Service Quality Standards

The Company:

- Provides voice grade access to the public switched network.
- Provides flat rated local exchange service with no additional charge to end users.
- Provides access to the emergency services provided by local government or other public safety organizations, such as 911 and enhanced 911.
- Provides toll blocking and toll limitation services.
- Advertises the availability of its services and the charges using media of general distribution and on its website.
- Maintains a business office providing customers with access to a customer service representative either in person or via a local telephone call or toll-free telephone number during normal business hours.
- Directs after hour calls to the Company's help desk.
- Directs trouble reports to the on-call technician.
- Tracks all service orders to ensure they are completed in a timely manner.
- Measures its service connection and service interruption performance on a regular basis.
- Trains employees to:
 - Answer all incoming calls promptly.
 - Respond to all inquiries for information promptly and courteously.
 - Investigate thoroughly all customer complaints and handle appropriately according to the Company's guidelines for resolution of customer complaints.
 - Be knowledgeable about products and service offerings so they can assist the customer with selecting the best service option.
- Has a process for periodic inspection, testing and preventive maintenance of its equipment to permit the rendering of safe, adequate and continuous service at all times.

Consumer Protection Rules

The Company has established operating procedures designed to facilitate compliance with applicable consumer protection rules which include compliance with the Customer Proprietary Network Information (CPNI) rules. The operating procedures include:

- Appointment of a compliance officer.
- A manual detailing the specific procedures for protecting consumer information.
- Employee training on an annual basis.
- A disciplinary process for improper use of consumer information.

Functionality in Emergency Situations

Back-Up Power

With our current infrastructure there are three locations within our network, where backup battery is a concern; central offices, remote cabinets and ONT's locations at the customer premise. Each are addressed below:

CO

Midstate Communications has 10 central offices which serve 100% of our customer base. The switching and transport systems inside these CO's are powered by DC power with current draws ranging from approx 20 amps to 250 amps. The runtime of each battery system is slightly different based on current draw and geographical location but they range from approx. 12 hours to 40 hours. Each central office is equipped with an on-site generator and an automatic transfer switch; thus we expect the **required** run time of these battery systems to be only a few seconds but have designed them to support our network for significantly longer runtimes in case of a generator failure. We also possess a 60 KW portable generator for deployment ensuring Central Office operation throughout an on-site generator failure.

REMOTE CABINETS

Approximately 5% of our current customer base is served by these remote cabinets located in the field within 3 miles of the subscriber premises served. Each DC system inside these cabinets is designed to support 8 hours of runtime in case of a power failure. We possess 22 portable generators in all, with several of them being staged in strategic geographical locations for easy deployment in the event of a power failure.

ONT

The ONT's are located at the customer premise in our Fiber-To-The-Home network configurations. We have approximately 3000 deployed ONT's delivering service to approximately 40% of our subscribers. Any ONT located within the city limits are equipped with a 7.2 amp-hour batteries and provide an expected runtime of 8 hours. Knowing the power failure outside the city limits can be

longer, we deploy a larger battery providing additional run time. These batteries are 20AH and deliver an expected runtime of greater than 16 hours.

RE-ROUTING OF TRAFFIC AROUND DAMAGED FACILITIES

ALL core network connections are ring protected and any established traffic is automatically re-routed without impact to these customers. Any call not yet established or in a “setup” state during a reroute situation (fiber cut, central office failure, etc.) would fail and these callers would need to reacquire dial tone and replace the call. The time the routes would be unavailable is less than one second, thus any subsequent call attempts would be successful.

Our connection to the outside world is via our centralized equal access provider: South Dakota Network. The Kimball office is positioned in the logical center of our network and houses a node on the above mentioned statewide DWDM MPLS network. This network utilized alternate fiber routes throughout the state of South Dakota functioning in a mesh environment to deliver our traffic to the SDN location in Sioux Falls, SD. As for our intra-company Interexchange facilities; they include 3- EPS Rings (Calix), 1 – OC-48 ring (Fujitsu), and 1 MPLS ring (Brocade) functioning in a mesh environment.

TRAFFIC SPIKES

Currently Midstate provides dial tone to approximately 4225 subscribers. The soft-switch we utilize is manufactured by Meta Switch and can support 250,000 subscribers before any expansion or upgrade is required. Our customer connections to this switch are MGCP and in this configuration the switch can support 1.3 M Busy Hour Call Attempts. As for the trunking, we have toll and 911 routes to South Dakota Network and CenturyLink. These routes are actively monitored for overflow and near overflow states. Any near overflow or overflow situations are addressed immediately after receiving any alarm.

**Midstate Communications, Inc.
Description of Tribal Engagement**

Midstate Communications, Inc. study area 391670 (Midstate) provides services in areas of the Crow Creek Sioux Tribe. Midstate periodically and when requested actively engages in discussions with Tribal leaders that include deployment of services to Tribal anchor institutions, and feasibility and sustainability planning of those services. Midstate recently reached a resolution with Crow Creek Sioux Tribe to begin planning for a fiber to the home deployment in 2016. Midstate markets its services in a culturally sensitive manner, including advertisements and written notifications via certified mail of required filings of services and rates. Midstate is in compliance with right of way processes, land use permitting, facilities siting, and environmental and cultural preservation review processes. Midstate is in compliance with Crow Creek Sioux Tribe business and licensing requirements

Midstate Communications study are 399011, (formerly Midstate Telecom) provides services in areas of the Lower Brule Sioux Tribe. Midstate periodically and when requested actively engages in discussions with Tribal leaders that include deployment of services to Tribal anchor institutions, and feasibility and sustainability planning of those services. Midstate markets its services in a culturally sensitive manner, including advertisements and written notifications via certified mail of required filings of services and rates. Midstate is in compliance with right of way processes, land use permitting, facilities siting and environmental and cultural preservation review processes. Midstate is in compliance with Lower Brule Sioux Tribe business and licensing requirements.

Midstate Communications, Inc.

Lifeline Terms and Conditions

Midstate Communications, Inc. offers Lifeline program-supported service to qualified low-income residential consumers for one telephone line per eligible household. The Lifeline program provides discounts to eligible low-income consumers to help them establish and maintain telephone service. Lifeline assistance lowers the cost of basic, monthly local telephone service. Eligible consumers can receive \$9.25 per month in discounts. In addition, the Federal Universal Service Charge is not assessed to consumers participating in Lifeline. Toll Blocking prevents the placement of all long distance calls for which a subscriber would be charged. Toll blocking is available to eligible consumers at no cost. Also, by choosing this option, consumers are usually not charged a deposit.

Lifeline Program Eligibility Information

Program Based Eligibility

Consumers are eligible for Lifeline if they, one of their dependents or their household participate in one of the following qualifying assistance programs:

- Low-Income Home Energy Assistance Program (LIHEAP)
- Federal Public Housing Assistance (Section 8)
- Supplemental Nutrition Assistance Program (SNAP)
- Medicaid
- National School Lunch Program's Free Lunch Program
- Supplemental Security Income (SSI)
- Temporary Assistance for Needy Families (TANF)

Lifeline applicants must present documentation demonstrating eligibility either through participation in one of the qualifying federal assistance programs or through income-based means.

Acceptable documentation of program-based eligibility includes: current or prior year's statement of benefits from a qualifying state, federal or Tribal program; notice letter of participation in a qualifying state, federal or Tribal program; program participation documents; or another official document evidencing the consumer's participation in a qualifying state, federal or Tribal program.

Income Based Eligibility

In addition, consumers are eligible for Lifeline if their household income is at or below 135% of the federal poverty guidelines.

2015 Federal Poverty Guidelines – 135%

Household Size	48 Contiguous States and D.C.	Alaska	Hawaii
1	\$15,889	\$19,872	\$18,292
2	\$21,505	\$26,892	\$24,745
3	\$27,121	\$33,912	\$31,198
4	\$32,737	\$40,932	\$37,651
5	\$38,353	\$47,952	\$44,104
6	\$43,969	\$54,972	\$50,557
7	\$49,585	\$61,992	\$57,010
8	\$55,201	\$69,012	\$63,463
For each additional person, add	\$5,616	\$7,020	\$6,453

Acceptable documentation of income eligibility includes: prior year's state, federal or Tribal tax return; current income statement from an employer or paycheck stub; social security statement of benefits; Veterans Administration statement of benefits; retirement/pension statement of benefits; unemployment/workmen's compensation statement of benefits; federal or Tribal notice of letter participating in General Assistance; or a divorce decree or child support award or other official document containing income information.

Tribal Eligibility

A subscriber who lives on Tribal lands and is an eligible resident of Tribal lands is eligible for Tribal Lifeline service or Tribal Link Up if the subscriber, one or more of the subscriber's dependents, or the subscriber's household participates in any of the above-listed qualifying assistance programs or one of the following Tribal-specific federal assistance programs: Bureau of Indian Affairs General Assistance; Tribally Administered Temporary Assistance for Needy Families; Head Start (if income eligibility criteria are met); or the Food Distribution Program on Indian Reservations (FDPIR). Tribal subscribers may also qualify if the household income is at or below 135% of the Federal Poverty Guidelines.

Numbers of Minutes-of-Use Provided as Part of Lifeline Program Service

Midstate Communications, Inc. Voice Lifeline service includes unlimited local minutes-of-use within the toll-free calling area. Midstate's Voice Lifeline Plan does not include any free minutes-of-use for toll. Toll is billed at the standard toll rate depending on which interexchange carrier the consumer subscribes to for toll service. As part of the Lifeline service, Toll blocking is available to eligible consumers at no cost.

Rates

Subscribers may receive the Lifeline credit on any type or grade of local service, including bundled services that are normally offered by Midstate Communications, Inc. Advertised rates do not include any applicable taxes or surcharges.

Recertification of Lifeline Eligibility

Lifeline recipients are required to recertify their eligibility annually. Failure to properly recertify a recipient's continued eligibility for the Lifeline program will result in termination of the Lifeline recipient's monthly Lifeline discount and de-enrollment from the Lifeline Program.

Additional Lifeline Program Information

The Lifeline program is limited to one benefit per household, consisting of either wireline or wireless service. A household is defined, for purposes of the Lifeline program, as an individual or group of individuals who live together at the same address and share income and expenses. Lifeline is a government benefit program, and consumers who willfully make false statements in order to obtain the benefit can be punished by fine or imprisonment or can be barred from the program.

Midstate Communications, Inc.

Progress Report of 5 Year Plan – Milestone Certification

To be in compliance with the Milestone Certification of providing upon a reasonable request broadband service at actual speeds of 4 Mbps downstream/1 Mbps upstream:

- Midstate Communications, Inc. certifies that it has taken reasonable steps to provide upon a reasonable request broadband service at actual speeds of 4 Mbps downstream/1 Mbps upstream with latency suitable for real-time applications, including Voice over Internet Protocol.
- The Company provides usage capacity that is reasonably comparable to comparable offerings in urban areas.
- The Company certifies that requests for such service are met within a reasonable amount of time.

Midstate Communications, Inc.

Progress Report on 5 Year Plan – Community Anchor Institutions

Midstate Communications, Inc. does not have any newly served community anchor institutions because all anchor institutions had broadband service available to them prior to 2014.

REDACTED - FOR PUBLIC INSPECTION

According to the Paperwork Reduction Act of 1995, an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 0572-0031. The time required to complete this information collection is estimated to average 4 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information.
