RE: Midcontinent Communications Previous \$251 Interconnection Request--Clarification

Dear Mr. Symens:

I am writing to clarify Midcontinent's previous request dated December 19, 2016. Midcontinent, by its request, is not seeking the ability to resell Valley's services. It is merely seeking to Interconnect to exchange Midcontinent's Valley destined traffic in the Ipswich Exchange.

I trust this clarifies Midcontinent's request for Valley.

Sincerely,
