**The Company will be providing competitive local exchange service, including exchange access service in all the states listed above using its own facilities. It may also utilize resold services available from the underlying ILEC or other facilities-based carriers.**

2-2. Refer to Wide Voice’s response to Staff Data Request 1-3. Provide a detailed statement of how the applicant will provide its services which is specific to how it will provide its interexchange service.

**Wide Voice leases T1 and/or DS3 facilities from a facility provider, to connect from our Switch in FL or CA, to the LEC Tandems (both Local and Access). We also utilize a third party, or our own IXC Tandem, for LD calls coming into our network.**

2-3. Refer to ARSD 20:10:32:04. Provide a certificate of service which confirms the applicant gave notice of its application to each telecommunications company that already holds a certificate of authority to provide local exchange service in the geographic area where the applicant seeks to provide local exchange service.

**The Company has not provided notice to other local exchange carriers, but it will do so on May 19, 2017. A certificate of service is attached.**
