

**Docket Number:** TC17-013  
**Subject Matter:** Second Data Request  
**Request to:** Broadsmart Global, Inc.  
**Request from:** South Dakota Public Utilities Commission Staff  
**Date of Request:** 4/28/17  
**Responses Due:** 5/5/17

**Local Exchange Section**

1-1. In the notice sent out pursuant to ARSD 20:10:32:04, attachment VI to DR1, it appears Windstream NTI, Inc. f/k/a Norlight Telecommunications, Inc. is missing from the list. Confirm on if they have or have not been noticed.

**Response:**

Windstream KDL and Windstream NTI are both Windstream Companies located at the same address. A separate copy will be sent via US Mail to Windstream NTI, Inc. A Certificate of Service reflecting this mailing is included with this filing

1-2. Refer to the response to DR1-9. Confirm that the applicant will provide customers access to interexchange services.

**Response:**

As an interconnected VoIP provider, Broadsmart Global, Inc.'s service provides customer with both local and long distance calling capabilities. However, customers cannot access the services of other interexchange carriers who offer service via the traditional TDM network via Broadsmart Global, Inc.'s interconnected VoIP offering. If the South Dakota rules require that such access be provided, Broadsmart Global, Inc. requests a waiver of this requirement, as it is not technically feasible.
