

Docket Number: TC17-047
Subject Matter: Second Data Request
Request to: Santel Communications Cooperative, Inc.
Request from: South Dakota Public Utilities Commission Staff
Date of Request: July 27, 2017
Responses Due: August 7, 2017

- 2-1. Refer to the Milestone Certification on page 11 of "Attachment to Form 481". Does Santel need to update this certification to the 10 Mbps downstream/1 Mbps upstream standard?

I have attached a corrected Milestone Certification. We have satisfied the USAC requirement of 80% build out and will respond to reasonable requests in a manner consistent with 47 CFR 54.308 (2).
