

**BEFORE THE
SOUTH DAKOTA PUBLIC UTILITIES COMMISSION**

**IN THE MATTER OF THE REQUEST OF
BROOKINGS MUNICIPAL UTILITIES
D/B/A SWIFTEL COMMUNICATIONS FOR
CERTIFICATION REGARDING ITS USE
OF FEDERAL UNIVERSAL SERVICE
SUPPORT.**

**ANNUAL ETC CERTIFICATION
FILING**

Brookings Municipal Utilities dba Swiftel Communications (the "Company"), by and through its attorney, makes this filing to seek certification from the South Dakota Public Utilities Commission (the "Commission") as is required under 47 C.F.R. § 54.314 and to comply with the provisions of ARSD §§ 20:10:32:52 and 20:10:32:54 of the Commission's rules pertaining to eligible telecommunications carriers ("ETCs").

In accordance with 47 C.F.R. § 54.314, federal universal service high cost support provided to carriers pursuant to 47 C.F.R. § 54.305, 54.307, 54.312, 54.801 through 54.806 and/or 54.901 through 54.903 and/or Part 36, Subpart F (Interstate Access Support, Interstate Common Line Support/Connect America Fund Broadband Loop Support, Connect America Fund ICC Support, High-Cost Loop Support, Safety Net Additive Support and Safety Valve Support) will be made available only if the State Commission files the requisite annual certification with the FCC and USAC. The certification required specifically for rural carriers to receive federal high cost universal service support for all four quarters during calendar year 2018 is currently due to be filed with the FCC and USAC on or before October 1, 2017. The certification may be presented to these entities in the form of a letter from the State Commission. The letter must identify which carriers in the State are eligible to receive federal high cost support during the 12-month period and must certify that the carriers listed will only use the support for the provision, maintenance and upgrading of facilities and services for which the support is intended.

As part of its annual request to the Commission for certification, the Company provides the following information:

1. The Company is a rural telephone company which also provides Commercial Mobile Radio Service and has previously been designated by this Commission as an ETC in connections with its CMRS service. The Company provides wireless services, including all of the essential services that are included in the federal definition of universal service within its established rural service area in South Dakota.

2. The provisions of ARSD § 20:10:32:54 addressing the annual "Certification requirements" adopted by this Commission require a progress report on any previously filed service quality improvement plan. Thus, Brookings Municipal Utilities dba Swiftel Communications files as Exhibit A hereto (presented as part of the Company's "Progress Report" required by ARSD §20:10:32:54(2)) its progress report. The provisions of ARSD §20:10:32:54 in part ask for information on "how much universal service support was received" by the ETC. Accordingly, Exhibit A includes the Company's 2016 federal universal service receipts. This same Exhibit also shows total expenditures made by the Company in 2016 relating to the provision, maintenance and upgrading of facilities and services for which universal service support is intended under federal law. In addition, to the extent that the Company's actual capital investments in 2016 differ from the 2016 planned investment information previously provided to this Commission, (as part of the two-year "service quality improvement plan, filed in 2015) the differences are noted in Exhibit A. Estimates

of the expenditures to be made by the Company for calendar year 2018, related to the provision, maintenance, and upgrading of facilities and services supported by federal universal service, are provided on Exhibit B hereto as part of the Company's current Two-Year Plan associated with §§20:10:32:54(1). Consistent with Federal universal service principles, the Company will use federal universal service amounts received in 2018 to offset a portion of these 2018 expenditures. Finally, Exhibit A, per the provisions of ARSD §20:10:32:54(2) includes additional information detailing progress made toward meeting 2016 service quality improvement plan targets, providing an explanation regarding any network improvement targets that were not met.

3. The Company is using federal high cost universal service support amounts thus far received in 2017 to meet the objectives identified in its service quality improvement plans and will continue to do so with respect to universal service amounts received in 2018. This use of federal universal service support will enable the Company to: (A) maintain rates for its supported services that are affordable and reasonably comparable to rates being charged for the same services in urban areas; and (B) upgrade its telecommunications facilities and equipment as necessary to meet evolving service requirements, including those related to broadband services, and maintain high quality service. The use of federal high cost universal service support for these purposes is clearly consistent with the federal universal service provisions.

4. The attached Exhibit C also includes a copy of Brookings Municipal Utilities dba Swiftel Communications FCC Form 481 filing. The information in this Exhibit, specifically as set forth on lines 220, 300-330 and 400-450, meets the state requirements established by ARSD §§ 20:10:32:54(3), 20:10:32:54(4) and 20:10:32:54(5).

5. Lastly, also attached is Exhibit D a document containing the certifications required under the provisions of ARSD §§ 20:10:32:54(6) and 20:10:32:54(7). The remaining ETC certification rule provisions found in ARSD §§ 20:10:32:54(8) and 20:10:32:54(9) have by Order been waived by this Commission.

6. Based on all the foregoing information, including all information provided within Exhibits A, B, C and D (attached hereto), the Company requests that this Commission issue an appropriate certification to the FCC and USAC indicating that Brookings Municipal Utilities dba Swiftel Communications is in compliance with 47 U.S.C. § 254(e) and should receive all federal high cost universal service support determined for distribution to the Company in 2018. In order to ensure that this certification is issued to the FCC prior to October 1, 2017, the Company would further ask the Commission to expedite the process, to the extent needed to meet such deadline.

Dated this 29th day of June 2017.

Respectfully submitted,

Attorney for the Company

RICHARD J. HELSPER
