RE: TC17-061 In the Matter of the Application of City of Brookings Municipal Telephone dba Swiftel Communications for an Amended Certificate of Authority

Dear Ms. Van Gerpen,

In order to aid the Commission and the public in visualizing the boundary changes proposed in this docket, Staff submits the attached maps depicting Staff's interpretation of the information provided from its review of the filing submitted by City of Brookings Municipal Telephone dba Swiftel (Swiftel). The maps show the old boundary lines between Swiftel and Interstate Telecommunications Cooperative, Inc. (ITC), shown in red in the attached maps. The changes made by Resolution 79-14 are small and are difficult to see in Attachment 1 of the docket, so staff thought it was important to demonstrate the location of the changes. Changes made by Resolution 15-069 are also included. Staff has included two maps to demonstrate where the boundary use to be and where it will be if approved. Note that the change on the map labeled "Resolution 79-14" moves the boundary approximately thirty feet, creating a straight line boundary.

Sincerely,

Lorena Reichert  
Staff Analyst
