In the Matter of Annual Certification Related to Eligible Telecommunications Carriers' (ETCs) Use of the Federal Universal Service Support Required Pursuant to § C.F.R 54.313

ISSUE DATE: October 24, 2018

DOCKET NO. P-999/PR-18-8

ORDER CERTIFYING ELIGIBLE TELECOMMUNICATIONS CARRIERS' USE OF FEDERAL HIGH-COST SUBSIDY AND REQUIRING COMMENT PERIOD

PROCEDURAL HISTORY

I. Introduction

Under the Federal Telecommunications Act of 1996, telecommunications carriers must be designated "eligible telecommunication carriers" (ETCs) to qualify for subsidies from the federal Universal Service Fund for serving high-cost areas or low-income consumers.¹ State regulatory commissions have primary responsibility for designating ETCs, although the Federal Communications Commission (FCC) acts on designation requests from carriers who are not subject to state commission jurisdiction.²

State commissions must annually certify to the FCC that all high-cost support provided to state-designated ETCs was used in the preceding calendar year, and will be used in the coming year, only for the provision, maintenance, and upgrading of facilities and services for which the support is intended.³ This Commission has set detailed eligibility criteria and filing requirements that each Minnesota ETC must meet to receive this certification.

The Commission has required each petitioner to file (a) an affidavit from a corporate officer stating that Universal Service funds will be used only for their intended purposes and

² 47 U.S.C. § 214(e)(6).

¹ 47 U.S.C. § 254(e).

³ 47 C.F.R. § 54.314(a).

(b) documentation pertaining to the previous year's Universal Service Fund subsidies and the company's operating and capital expenditures.⁴

ETCs must file Form 481 with the FCC, which certifies that use of their funds associated with high-cost support complies with 47 C.F.R § 54.313. In July, 2017, the FCC changed the filing process to eliminate some of the information required (regarding network outages; unfulfilled service requests; complaints received; and pricing for voice and broadband services) and to centralize the filing of the reports using a database that makes the reports available to state commissions.⁵

Consistent with the FCC's new reporting requirements contained in 47 C.F.R. § 54.313 and § 54.422,⁶ the Commission revised the annual filing deadline applicable to ETCs by requiring that petitions and supporting documentation be filed by July 1 of each year, beginning in 2014.⁷ The Federal Wireline Competition Bureau extended the filing deadline for 2018 to July 16.⁸

II. Filings in this Docket

By July 17, 2018, Minnesota telecommunications carriers had filed their annual petitions asking the Commission to certify to the FCC their continuing eligibility for high-cost subsidies from the Universal Service Fund.

On September 10, 2018, the Department of Commerce (the Department) filed comments recommending that the Commission certify the eligibility of all petitioning carriers and require that all ETCs subject to the FCC's 481 Form filing requirement include a detailed financial summary along with the filing, including an affidavit, that is made with the Commission.

On September 17, 2018, T-Mobile Central LLC and Virgin Mobile USA, L.P. filed comments asserting that wireless carriers receiving federal high-cost support and wireless Lifeline-only ETCs are not required to file financial summaries with the Commission.

On September 20, 2018, the Department filed comments clarifying that only ETCs subject to state certification should be required to file the financial summary as an attachment to the affidavit.

On September 27, 2018, the filings came in front of the Commission.

FINDINGS AND CONCLUSIONS

The Commission has reviewed the petitioning companies' filings and concurs with the Department that the filings satisfy the requirements for certification set forth by the Commission and the FCC. All of the companies filed sworn affidavits to demonstrate that they have used and will continue to use federal high cost subsidies only to provide, maintain, and upgrade the facilities and services for which the support is intended.

The Commission will therefore grant the petitions of the ETCs listed in Attachment 1.

The Commission will also require that in future years, an officer of each company subject to state certification file an affidavit with the Commission concurrently with the FCC Form 481 filing. The affidavit must include the information set forth in the ordering paragraphs below.

Further, the Commission will issue a notice and establish a comment period on whether a financial summary should be filed along with the affidavit, and whether there is interest in establishing a stakeholder process for further discussion of such issues. The Commission will delegate administrative authority to the Executive Secretary to set the comment periods.

ORDER

- 1. The Commission hereby certifies that all of the petitioning ETCs in Attachment 1 have used High Cost Universal Service Support received in 2017 and will use Federal High Cost Universal Support received in the coming year only for the provision, maintenance, and upgrading of facilities and services for which the support is intended.
- 2. The Commission will require in future years that an officer of each company subject to state certification file an affidavit with the Commission concurrently with the FCC Form 481 filing. The affidavit must include:
 - a. The position of the affiant.
 - b. That the affiant understands and is familiar with the requirements of the FCC concerning universal service funding.
 - c. That the funds are and will be used appropriately.
 - d. That the company is compliant with applicable rules on service quality and consumer protection.
 - e. That there is sufficient backup power to ensure functionality without an external power source, and the company is able to reroute traffic around damaged facilities and is capable of managing traffic spikes resulting from emergencies.
- 3. The Commission will issue a notice and establish a comment period on whether a financial summary should be filed along with the financial affidavit, and on whether there is interest in establishing a stakeholder process for further discussion of such issues.

- 4. The Commission hereby delegates administrative authority to the Executive Secretary to set the comment periods.
- 5. This order shall become effective immediately.
