Calling All Photographers!

It's camera time again! ITC is gearing up for the 2020 Phone Book.

This year we narrowed the subject of your photo to trees. We want unique pictures of a tree, trees, or parts of trees.

If you are an amateur photographer, and a member of the Coop, you are eligible. The Directory Cover Contest runs from June 3 - September 6.

You can submit up to six photos. Pictures must be at least a 300 resolution or the largest option on your camera or phone. They must also be recent and taken in our service territory - no people, no pets. We will allow wildlife as long as the tree is the main focus.

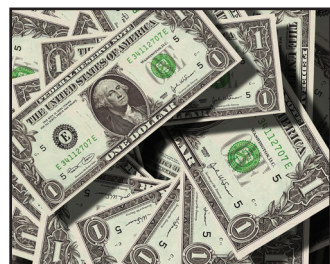

Be sure to include your name, address, and a brief description of where and when you took the picture. Make sure there are no dates stamped on your photo.

The winning photo will be featured on the cover of the 2020 Directory. The first place winner will receive a \$50 bill credit and the second place winner will receive a \$25 bill credit.

Email your photos to photo@itctel.com. You can also mail them or deliver them to one of our offices. Be sure to include your name and contact information with the photos.

USE OF TELEPHONE FOR DEBT COLLECTION PURPOSES

The Federal Communications Commission has received information that interstate telephone service is being used for collection of claimed debts in ways that are or may be in violation of applicable tariffs of the telephone companies and criminal statutes. Practices alleged include calling at odd hours of the day or night; repeated calls; calls to friends, neighbors, relatives, employers, and children; calls making a variety of threats; calls asserting falsely that credit ratings will be hurt; calls falsely stating that legal process is about to be served; calls demanding payments for amounts not owed; calls to places of employment; and calls misrepresenting the terms and conditions of existing or proposed contracts. Although many of these calls are placed on a local basis, there is increasing indication that such improper practices also involve use of interstate toll and Wide Area Telephone Service (WATS).

Tariffs of the telephone companies forbid use of the telephone...for a call or calls, anonymous or otherwise, if in a manner reasonably to be expected to frighten, abuse, torment, or harass another, or for calls that...interfere unreasonably with the use of the service by one or more other customers, or calls for...unlawful purpose. Upon violation of any of these conditions the telephone company can, by written notice, discontinue service forthwith. These tariff regulations are filed with this Commission pursuant to Section 203 of the Communications Act, 47 U.S.C. 203, and are binding on the telephone company and customer alike. Users of the telephone service are also subject to the enforcement proceedings provided for in Sections 401 and 411 of the Communications Act. In addition to the loss of telephone service for violation of the tariffs, Section 223 of the Communications Act makes it a crime to use the telephone in the District of Columbia or in interstate or foreign communications to make "repeated telephone calls, during which conversation ensues, solely to harass any person at the called number" or to knowingly permit "others to use his/her telephone" for such purpose. Penalties for violation of Section 223 are a fine up to \$500.00 or six months' imprisonment, or both, 47 U.S.C. 223.

The Commission is concerned that some users of telephone service may be unaware of their obligations to refrain from using the service for abusive or harassing calls. It is also concerned that other users may be willfully and repeatedly violating the provision of the tariffs and the applicable statutes, and that the telephone companies are not adequately enforcing their tariffs. Accordingly, the Commission is issuing this Public Notice in order that the public may be informed of the requirements of law in this area and so that users may be alerted to their legal obligations in the use of the telephone and the penalties for failure to abide thereby.
