RE: Simwood, Inc. – Request for Arkansas Interconnection Agreement

Dear Contract Manager:

I represent Simwood, Inc. which is a CLEC that is applying to the Arkansas Public Service Commission for competitive local exchange authority. Arkansas requires applicants to demonstrate that they have commenced negotiations with the dominant ILEC as a condition to obtain CLEC authority.

Accordingly, Simwood requests a new facilities-based interconnection agreement with AT&T for the State of Arkansas that includes provisions for collocation.

I will serve as Brazos Fiber's negotiator for this interconnection request. Please advise at your earliest opportunity with the contact information for AT&T's negotiator.

Very truly yours,

Mark Foster
