| Subject/Product Name: | Exhibit B (PID) and Exhibit K (PAP) Filing for Removal in South Dakota |

Please route this notice to those in your company who have responsibility for regulatory reporting.

This notification to Centurylink's CLEC customers in the state of South Dakota is to provide advance notice of our intent to file for removal of the following exhibits from South Dakota interconnection agreements: Exhibit B - Performance Indicator Definitions (PID) and Exhibit K – Performance Assurance Plan (PAP). We anticipate filing with the South Dakota state commission in mid-July.

CenturyLink continually analyzes declining/low volumes, the changing business, and regulatory environment against the original intent of these metrics. At this point volumes are so low, continue to decline, and communications with CLECs about the measurements are so rare that we believe the PAP and PIDs no longer serve a useful function.

Centurylink has either met with or attempted to meet with CLECs that still have services measured by the PAP and it does not appear that there is objection to this proposed action.

If you have any questions or would like to discuss this notice please contact Nancy Tangeman at Nancy.tangeman@centurylink.com.

CenturyLink appreciates your business and we look forward to our continued relationship.

Sincerely

CenturyLink

Sincerely,

Qwest Corporation dba CenturyLink QC
