In Re: Easton Telecom Services, L.L.C. - Docket No.: TC20-048  
Amendment to Application for Certificate of Authority for  
Local Exchange Services in South Dakota

To the South Dakota Public Utilities Commission -

The following is sent to amend the Application for Certificate of Authority for Local Exchange Services in South Dakota filed by Easton Telecom Services, L.L.C. ("Easton") in Docket Number TC20-048.

Easton hereby amends the Application by deleting Easton's original response to item 13(c) of the Application and replacing it with the following response:

*(13) Information detailing the following matters associated with interconnection to provide proposed local exchange services:*

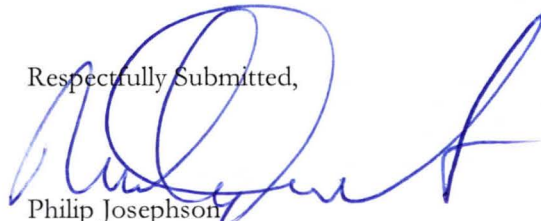

*c) A copy of any request for interconnection made by the applicant to any local exchange carrier;*

Easton has not made a request of interconnection to any local exchange carrier. Within South Dakota, Easton will resell CenturyLink services, and CenturyLink will be the carrier that provides switching.

###

Thank you for the opportunity to submit this amendment and you may contact this office with all matters that pertain to the Application.

Respectfully Submitted,

Philip Josephson
